Mentor, Ohio, 44060

Dear Mentor Lagoons Marina –

Congratulations! After conducting a positive recertification site review on April, 6th, 2026 we are pleased to announce the recertification of Mentor Lagoons Marina as an Ohio Clean Marina!

To achieve certification in the state of Ohio, Mentor Lagoon Marina has voluntarily adopted measures to control pollution associated with marina operations and stands as a notable example of conservation ethic and responsibility for healthy land and water. Your leadership and commitment to environmental stewardship should be commended by the recreational boating industry and citizens of Ohio.

Your certification status as an Ohio Clean Marina will be for the period of 5 years from the date of recertification. Once annually you will be instructed to reaffirm your status by submitting a self-verified BMP Checklist to the Clean Marinas team for review. At that time, we will inform you if there are any changes or new requirements of the program. A site review will be scheduled at a mutually agreeable time in advance of the next recertification date to confirm your commitment to the program and maintain your status as an Ohio Clean Marina. Recertification can occur at any time you wish to achieve a Gold or Platinum Tier by contacting us to set up a site visit to tier-up.

Again, congratulations on obtaining this recertification and demonstrating your commitment to maintaining water and air quality for generations to come. Please enjoy the benefits of being a certified “Ohio Clean Marina” and feel free to contact us at ohiocleanmarinas@osu.edu if we can assist you with any aspect of the program.

Sincerely,

The Ohio Clean Marinas Team

Sarah Orlando
