RE: Forest Road Sanitary Sewer Improvement 375-S

Dear Resident:

Lake County Department of Utilities has hired a contractor, Hallmark Excavating, to replace aging sewer lines along Forest Road in Mentor. The construction project will be installing new sanitary sewer pipe in the following locations:

- **Forest Road between Woodridge Lane to Garden Lane**

The construction is anticipated to begin Monday April 3rd and continue for approximately three weeks. The contractor is responsible for maintaining traffic and minimizing disruptions. Roads will be closed during construction. Please prepare for short delays and periods of limited service. The contractor will notify you of periods of service disruption. This will occur when the sewer main directly in front of your house is being worked on and your sanitary lateral is being re connected.

If you have any questions during construction contact Keith McCloskey at 440-350-2652.

Thank you for your patience during this period of improvement to the sewer system.

Sincerely,

LAKE COUNTY DEPT. OF UTILITIES

Cc: Kenneth Filipiak, City Manager
David Swiger, City Engineer
