About NOACA

The Northeast Ohio Areawide Coordinating Agency (NOACA) is a transportation and environmental planning agency that represents state, county, city, village, and township officials in Greater Cleveland. NOACA addresses the transportation, air quality, and water quality needs of Cuyahoga, Geauga, Lake, Lorain, and Medina counties. The agency and its partners cooperatively develop and implement plans to ensure that travel throughout the region is safe, cost-effective, and environmentally sound. NOACA's vision is to STRENGTHEN regional cohesion, PRESERVE existing infrastructure, and BUILD a sustainable multimodal transportation system to SUPPORT economic development and ENHANCE quality of life in Northeast Ohio. To learn more about bicycle planning at NOACA, check our website at noaca.org/bikeped.

Please let us know if this map is useful to you by taking a short survey online at SurveyMonkey.com/77NOACAMAP

NOACA is pleased to partner with your local organization to bring you this map.

Place your local bike organization sticker here:

Cover photo credit: Lake Metroparks/Denny Reiser

This map was developed by NOACA, with excerpts from Bike Cleveland's Biking in Cleveland Guide. Illustrations are by Julia Kuo. Cover photo by Lake Metroparks/Denny Reiser. Data to develop the map was provided by NOACA, Lake Metroparks, Laketrans, and the local governments within Lake County.

Disclaimer:
 No warranty is made or intended as to the safety or fitness of the highways, roads, streets, paths, or other byways for bicycle travel. These are merely suggestions and require the exercise of caution and discretion by an individual. The State of Ohio, its counties, cities, and other subdivisions as well as their elected officials, officers, and employees disclaim any responsibility whatsoever and shall not be liable in any manner for loss, damage, or injury occasioned by bicyclists who, of their own volition, travel along the highways, roads, streets, paths, or other byways of Ohio.

This map is a living document, and new facilities are being added all the time. The map on NOACA's GIS Portal will be updated regularly, and the paper map will be updated every three years. For more information, visit noaca.org/bikeped. Please send corrections, comments, and suggestions to NOACA by emailing bikeped@noaca.org or calling 216-241-2414. Email, call, or visit us online at www.noaca.org/BikeMaps to request additional maps!

LAKE METROPARKS PATHS, BRIDGES, & BOARDWALKS

CHILDREN & BEGINNERS	<p>Roads for all ages These roads tend to be neighborhood streets with low speeds and very little traffic.</p>
MOST ADULTS	<p>Roads for most adults These roads have low speeds and low traffic volumes. Most adults and supervised children will find these roads comfortable.</p>
CONFIDENT CYCLISTS	<p>Roads for confident cyclists These roads have higher speeds (at least 35 MPH) with low traffic or may have lower speeds with higher amounts of traffic.</p>
EXPERTS ONLY	<p>Roads for expert cyclists This is the greatest stress level. Roads intend to be multi-lane, higher speeds, and higher volume.</p>

LAKETRAN
Bike & Bus
 Did you know you can take your bike on Laketrans?

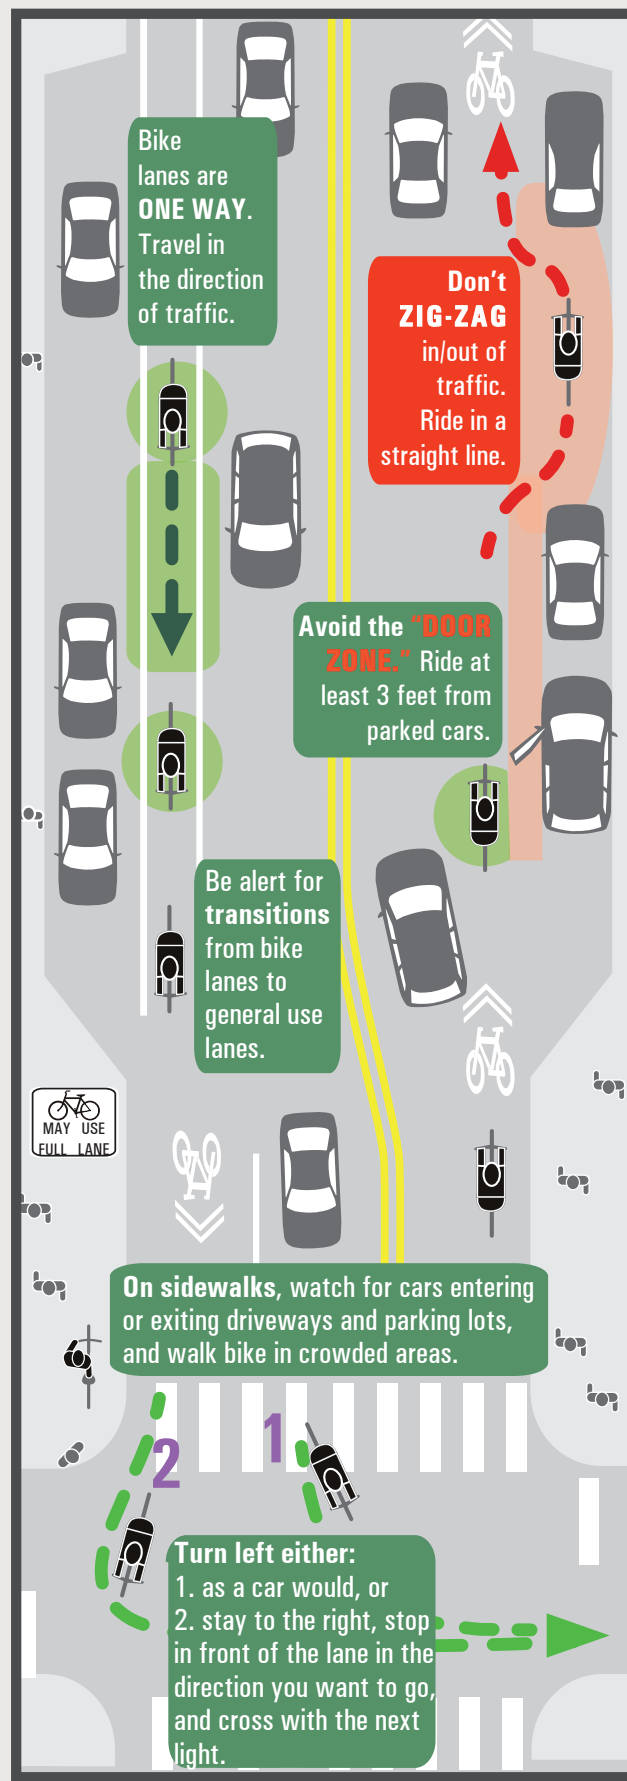

Rider Assistance
 For more information, call customer service at 1-888-525-3872.

Now you can take your bicycle wherever Laketrans takes you. Local Route and Park-N-Ride buses are equipped with two on-board bike racks. It's safe, and it's free! All Laketrans Park-N-Ride lots also have bike racks available if you'd rather leave your bike behind when riding the bus. For more details, call customer service at 1-888-525-3872.

SHARING THE ROAD

SHARING THE TRAIL

BIKE FACILITIES

Trails & Side Paths

Off-road facilities intended exclusively for bicycles and pedestrians. The majority of trails and side paths accommodate both user groups, so cyclists should expect slower-moving persons.

Bike Lanes

Bike lanes are distinguished from motor vehicle traffic by a single white line. Direction of travel is indicated by arrows marking the lane.

Routes and Sharrows

Bike routes are typically identified with signs, while a sharrow is a bicycle symbol paired with a double chevron marked on the pavement. Routes and sharrows both remind motorists to expect cyclists on the road.

Neighborhood Streets

Roads without designated bike infrastructure, but are low speed and primarily residential. These roads are identified in the "children and beginners" category in the lightest shade of green.

SAFETY TIPS

- WEAR A HELMET**
Whether on a road or a trail, stay safe—wear a helmet!
- BE BRIGHT**
Cyclists must use bike lights at night: white for the front, red for the back (ORC 4511.56). Lights are also recommended during daylight hours.
- RIDE ON THE ROAD**
Let pedestrians rule the sidewalk, ride in the road.
- TAKE THE LANE**
Ride as far to the right as is safe, but take the lane when cars cannot pass you safely. Travel in a straight line, be visible, do not weave in and out of parked cars or ride between lanes of moving traffic (ORC 4511.55).
- RIDE WITH THE FLOW**
Ride with the flow of traffic (ORC 4511.25).
- RIDE WITH CONFIDENCE**
Make eye contact with motorists and then signal your intentions to earn their respect. Vehicles must pass with a safe distance of at least three feet (ORC 4511.27.A3).
- DON'T GET "DOORED"**
Stay out of the "door zone" of parked cars. This is especially important in business districts.
- FIND A BIKE BUDDY**
If you are new to cycling, ride with a friend. If your friend is new, offer to take them on a ride to "show them the ropes."

FRONT AND REAR BIKE LIGHTS AT NIGHT ARE STATE LAW

BE PREDICTABLE

Use hand signals when turning and stopping if it is safe to do so (ORC 4511.39).

INTERSECTIONS & TURNING SIGNALS

On the road, bikes must follow the same rules that apply to cars, including at intersections. They must stop at stoplights and stop signs, for example, and yield to pedestrians in crosswalks.

If you want to turn and you aren't riding in a designated turning lane, you should signal first. The sign for a left turn is an outstretched left arm; the sign for a right turn is an upward bent left arm or a straight right arm. If you are in a designated turning lane, Ohio laws say you don't need to signal, and in fact that you shouldn't signal if you need both hands to make a safe turn.

For left turns, you should act no differently than a car, moving into the left-turn lane or the center of a single lane. If you aren't comfortable merging to the left to make the turn, or if traffic is too heavy, you can do a two-stage turn, sometimes known as a Copenhagen left. To turn, first cross the street in front of you by staying to the right and stopping in the front of the travel lane in the direction you want to go. Then, cross with the next light.

RESOURCES

Lake Metroparks has detailed maps and information about 38 diverse parks and more than 60 miles of trails throughout Lake County. They also organize bike rides for cyclists of all experience levels. <https://www.lakemetroparks.com> (440) 639-7275

The Cleveland Touring Club hosts rides throughout the riding season on weeknights and weekends for all cyclists, from beginner to advanced. Learn more about rides and event opportunities on their website. <https://www.clevelandtouringclub.org>

The Lake County Visitors Bureau can help you experience breathtaking landscapes, beaches, outdoor escapes, world-class wineries, national and local heritage sites, and events and festivals in Lake County throughout the year. 1 Victoria Place, Suite 265 A, Painesville, OH 44077 <https://www.mylakeoh.com> (440) 975-1234

The Mentor Senior Center Cycling Club promotes cycling for an active and healthy lifestyle for all ages. They organize weekly rides from April through October. 8484 Munson Road, Mentor, OH 44060 <http://cityofmentor.com/departments/parks-recreation/facilities/mentor-senior-center/clubs/> (440) 974-6725
