# **City of Mentor**

8500 Civic Center Boulevard Mentor, Ohio 44060-2499 440-255-1100 www.cityofmentor.com

Council-manager government since 1963

June 1, 2018

City Manager, Council President and members of City Council of the City of Mentor, Ohio

#### Introduction

We are pleased to present the Comprehensive Annual Financial Report of the City of Mentor (the "City") for the year ended December 31, 2017. This report, prepared by the Department of Finance, includes the basic financial statements that summarize the various operations related to the City's 2017 activities. Our intention is to provide a clear, comprehensive, and materially accurate overview of the City's financial position at the close of last year. The enclosed information has been designed to allow the reader to gain an understanding of the City's finances, including financial trends, financial instruments, and fund performances. The City has complete responsibility for all information contained in this report.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"). Because the cost of internal controls should not outweigh their benefits, this comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects and presents fairly the financial position and results of operations of the various funds of the City. All necessary disclosures are included in this report to enable the reader to understand the City's financial activities.

The City's financial statements may be audited either by the Auditor of the State of Ohio, or with permission of the Auditor of State, by an independent certified public accountant. The audit of the City's basic financial statements for fiscal year 2017 was performed by James G. Zupka, CPA Inc., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended December 31, 2017, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent

auditor concluded, based upon its audit, that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended December 31, 2017 are fairly presented, in all material respects, in conformity with GAAP. The Independent Auditor's Report is presented as the first component of the financial section of this document.

GASB requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis ("MD&A"). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the Independent Auditor's Report in the financial section of this document.

#### **Profile of the Government**

#### The City

The City is a municipal corporation and political subdivision of the State of Ohio. It is located on the southern shore of Lake Erie approximately 25 miles east of downtown Cleveland. Mentor has a population of 47,159 residents according to the 2010 Census of Population and is the largest city in Lake County.

#### City Government

The City operates under, and is governed by, a charter, which was first adopted by the voters in 1963 and has been and may be further amended by the voters from time to time. The City is also subject to certain general State laws that are applicable to all cities in the State. In addition, under Article XVIII, Section 3 of the Ohio Constitution, the City may exercise all powers of local self-government and may exercise police powers to the extent not in conflict with applicable general State laws. The charter provides for a city manager/council form of government.

Legislative authority is vested in a seven-member Council. The terms of Council members are four years. Council members are elected from four wards and three at-large representations. The Council fixes compensation of City officials and employees and enacts ordinances and resolutions relating to City services, tax levies, appropriating and borrowing money, licensing and regulating businesses and trades, and other municipal functions. The presiding officer is the President of Council, elected by the Council members for a two-year term. The Clerk of Council is appointed by Council. The charter establishes certain administrative departments; the Council may establish divisions within departments or additional departments. The City's chief executive and administrative officer is the City Manager appointed by the Council.

#### Financial Reporting Entity

The City has applied guidelines established by Governmental Accounting Standards Board ("GASB") Statement No. 14, *The Financial Reporting Entity*. Provisions outlined in this statement define the operational, functional and organizational units for which the City "acting as Primary Government" is required to include as part of its reporting entity. The inclusion of a component unit as part of the City's reporting entity requires the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City.

Under these provisions, the City's financial reporting entity acts as a single rather than multi-component unit. The provisions permit the entity to include all funds, agencies, and boards and

commissions that, by definition, comprise components within the primary government itself. For the City, these components include police and fire protection services, municipal court, planning and engineering, zoning code enforcements, street maintenance, traffic control, parks and recreation, building inspection and economic and community development.

Specifically excluded because they do not meet the established criteria for inclusion in the City's reporting entity are: the Mentor Exempted Village School District and the Mentor Public Library. These entities are operated by boards or commissions separate and independent from City Council's control. The City is not obligated to finance any deficits of the aforementioned entities, nor does it guarantee their indebtedness.

#### Accounting and Financial Reporting

The City's accounting system is organized and operated on a fund basis. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. The types of funds to be used are determined by GASB and the number of individual funds established is determined by sound financial administration. Each fund is a separate accounting entity with its own self-balancing set of accounts, assets and deferred outflows of resources, liabilities and deferred inflows of resources, and fund balance. The City's governmental funds include the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds. The City also maintains Fiduciary Funds to account for assets held by the City as an agent or in a trust capacity for individuals, private organizations and other governments. A Proprietary Fund is used to record the activity of the City's Internal Service Funds.

Except for budgetary purposes, the basis of accounting used by the City conforms to GAAP as applicable to governmental units. All governmental funds are accounted for using a current financial resources-current assets and current liabilities-measurement focus. The modified accrual basis of accounting is utilized for governmental funds. Revenues are recognized when they are susceptible to accrual (both measurable and available). Expenditures are recognized when the related liability is incurred, except for interest on long-term debt which is recorded when due.

The City's basis of accounting for budgetary purposes differs from GAAP in that revenues are recognized when received, rather than when susceptible to accrual (measurable and available), and encumbrances are included as expenditures rather than included in fund balances.

#### **Budget Control**

Budget control is maintained at the department level by appropriations adopted annually by City Council. Such appropriations are subdivided into expenditure classifications (employee compensation, other expenditures) for each department within each fund. An encumbrance system is utilized, whereby purchase orders reserve portions of applicable appropriations. By such method, overspending of an appropriation is prevented. Open encumbrances are reported as reservations of fund balances at December 31, the close of the City's fiscal year. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted.

#### **Factors Affecting Financial Condition**

#### Local Economic Indicators

The information presented in the financial statements should be considered in the context of the economic climate within which the City operates. The City's economic condition tends to reflect the broader national economy. During 2017, its local economic activity experienced steady growth as reflected in a modest (3.7%) percent increase in municipal income tax receipts (cash basis) compared to the previous year.

#### Major Industries and Employment

City officials continue to be optimistic regarding future economic growth. Manufacturing activity, which is diverse, includes medical related products, polymers and plastics, and electrical boards and other peripherals that generally service the computer and automation industries. A proliferation of small businesses in diversified industries continues to strengthen the City's economic base. The City ranks 7<sup>th</sup> in the number of manufacturers and 8<sup>th</sup> in manufacturing employment in Ohio according to the 2012 Economic Census of Manufacturing, and 6<sup>th</sup> in the state in sales volume according to the 2012 Economic Census of Retail Trade.

#### Current Projects and 2017 Accomplishments

In terms of roadway infrastructure improvements, the City provided for the repair and/or resurfacing of 24 streets. Capital improvement projects included: final construction of the extension of Plaza Boulevard; continued widening of Mentor Avenue from S.R. 615 to Murray Avenue by constructing a two-way left turn lane, rehabilitating Marigold Road from Woodridge Lane to Lake Overlook Drive; replacement of the wearing surface on the Garfield Road Bridge over I-90; installing a waterline from the cul-de-sac at Tin Man Road to the main at Tyler Boulevard; resurfacing S.R. 84 from Center Street to S.R. 306; and final completion of the construction of turn lanes at the Mentor Avenue and Garfield Park/Lucretia Court intersection. Other improvements included the continuation of the City-wide sidewalk replacement program and upgrades to decorative lighting in the Old Village District. Drainage projects undertaken in 2017 included necessary field surveying and information mapping to assemble the required base maps as part of the Mentor City Stormwater Drainage Permit application to the Ohio EPA. Other storm drainage improvements included replacement of storm sewer on Midland Road from Mentor Avenue to Crossfield Road; and the dredging of Garfield Park pond. Major Park improvement projects include: infrastructure development for the Springbrook Park, and final completion of construction of the new amphitheater on the main Civic Center Campus.

The Fire Department continued to be one of the highest rated fire departments in the state with an ISO Class 2 public protection classification by the Insurance Services Office. This high rating means that business and commercial concerns within the City can realize savings on insurance premiums. The department responded to and safely managed 8,157 calls for service in 2017. Its main focus is community risk reduction to prevent harm to community and to always serve the public's best interest. In doing so, the department recognizes the importance of Public Education and presented Safety Awareness Programs to over 8,000 members of the community in 2017. The Fire Prevention Bureau continues to work closely with the business community on a daily basis.

The Economic and Community Development Department actively promoted the benefits of business location in the City. In 2017, the Department administered, and Mentor City Council provided grant assistance to DeNora Tech, Citywide Solutions, Inc., Alloy Bellows, Monode

Marking Products and Axelix Health Consultation, Inc. The net impact of these grants are anticipated to result in \$32.1 million in investments, the retention or creation of 169 jobs and approximately \$9.8 million in new payroll. The department continues to actively promote the international trade and export initiative within the city and the attraction of new retail establishments. In addition, City Council approved the creation of a Community Entertainment District (CED) encompassing much of Great Lakes Mall, which could result in \$20-25 million in new development over the next 24 months. The Department also participated in the drafting of a Development Agreement with VOH-Mentor, LLC which will result in an estimated \$20 million in private development at Center Street and Tyler Blvd.

The Public Information Office (PIO) is responsible for facilitating the City of Mentor's communication efforts. The department is accountable for resident and press inquiries as well as promotion of the City. PIO develops and manages content for the Mentor Channel, radio station, City websites, City social media accounts, and the City of Mentor app. PIO assists with the marketing of City events including: Mentor CityFest, Headlands BeachFest, Mentor Rocks and more. PIO is also responsible for the development of print and promotional materials.

The Department of Parks, Recreation and Public Facilities had another busy year. Over 190 golfers played in the Chili Open in January. 1,009 pool passes were sold in 2017, totaling 2,714 members. Membership at the Senior Center is over 4,800 members. The sixth year of the community garden at Wildwood Park saw 32 gardening sites used. The Department operated the festival titled Mentor CityFest for the fifth year in August 2017. Over, 15,000 people attended the event. Sponsorship for the recreation events was \$65,000. The fifth year of the Natural Resources Division deer culling program in 2017 netted 42 deer being culled for a total of over 1,995 lbs. of meat being donated to the Cleveland Food Bank.

The Police Department continued moving forward with technological upgrades in 2017. Research was completed to select a body worn camera system to suit the needs of the department. One product was selected and ordered late in the year. This new tool will be put in service in 2018. An electronic ticketing solution was sought to help streamline the process of issuing traffic citations and getting the applicable information delivered to our records management system and appropriate courts. An application was found and selected. The application is offered through the State of Ohio Department of Public Safety and is available at no cost to the city. This will also be put into use in 2018. The patrol division remained active during the year with, among other efforts, the successful Retail Theft Deterrence Program. This effort combats theft from local retailers that is driven primarily by the surge in illegal drug use. The program has been very successful over the past couple years to the point that other agencies throughout the country have contacted our department for information on how the program works.

#### For the Future

The City's five-year (2018-2022) capital improvement program contains the following proposed expenditures:

| Facility construction and improvements        | \$<br>9,299,000  |
|---|------------------|
| Roadway construction and improvements         | 37,217,180       |
| Traffic control                               | 1,448,000        |
| Sidewalk and bikeway improvemnets             | 3,059,800        |
| Storm drainage                                | 4,722,500        |
| Park acquisition, development and improvement | 7,175,000        |
| Major capital equipment                       | 8,898,620        |
| Miscellaneous                                 | <br>1,750,000    |
|   | \$<br>73,570,100 |

Of the proposed \$73,570,100 for the five-year period, \$37,283,200 (51%) is expected to be funded by the City. The remaining \$36,286,900 (49%) is expected to be funded primarily by Federal/State/County assistance.

Projects anticipated in 2018 include the following: final widening of Mentor Avenue from S.R. 615 to Murray Avenue by constructing a two-way left turn lane; rehabilitating Orchard Road from Woodridge Lane to Lake Overlook Drive; pavement repairs and overlay for Hopkins Road from U.S. 20 to S.R. 84; replacement of bridges at Hoose Road just east of King Memorial Road and at Hopkins Road over Martin Ohm Ditch; and extending the right turn lane on Diamond Center at Heisley Road eastward to the intersection with Emerald Court; and construction of turn lanes and new traffic signals at Tyler Boulevard and Center Street entrances to the new City Market site. Other improvements include the continuation of the city-wide sidewalk replacement program; further upgrades to decorative lighting in the Old Village District; storm drainage improvements with the construction of the two-town detention basin between Jeremy Drive and Bellflower Road, and a dry detention basin located behind the former Dale R. Rice school; replacement of storm sewer outfall for Brighton Road and Headlands Road out towards the lake; and ditch relocation at the Hunter's Woods subdivision near I-90. Major facility and property improvements include design and planning for a new regional response facility located on the west side of S.R. 306 adjacent to Fire Station #4: construction of a new office and maintenance garage located on the grounds at the cemetery; and site development for the new Springbrook Park.

#### Long-term financial planning

The City's long-term financial planning considers maintaining a healthy general fund balance reserve during the preparation of its capital budget and operating budget. The City issued Bonds of approximately \$9.8 million during 2018 to finance certain capital and infrastructure improvements and to reimburse the general fund for the cost of acquiring real estate in prior years. The City does not anticipate issuing any additional debt in 2019 beyond the \$9.8 million.

#### Relevant financial policies

The City's established purchasing and budgeting policies provide a framework for the budget process. All transactions utilizing financial resources require the availability of legally appropriated funds. Budgets are monitored real-time and adjusted legislatively if necessary.

#### **Awards and Acknowledgements**

#### **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Mentor for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2016. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such CAFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The City of Mentor has received a Certificate of Achievement for the last thirty-three consecutive years (fiscal years 1984-2016). We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

#### Acknowledgements

Appreciation is extended to the many individuals in the Finance Department who have assisted in preparing this report. Other factors that make this report possible are the cooperation of other City departments and the support and encouragement of the City Manager, the Council President, and members of Council.

Sincerely,

David W. Malinowski, Director of Finance

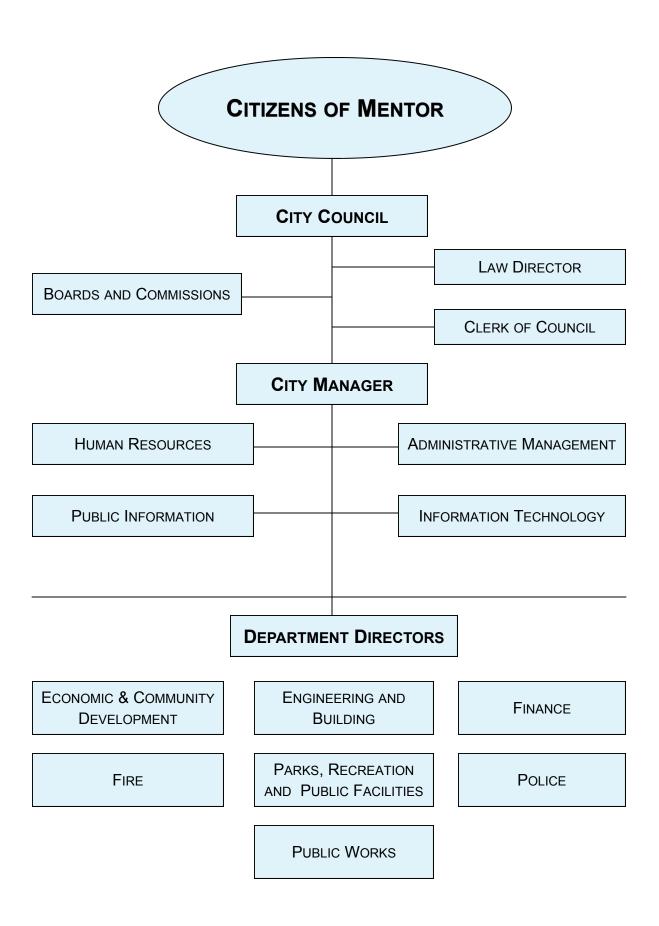

David W. Malinowski

#### INDEPENDENT AUDITOR'S REPORT

To the Members of City Council City of Mentor Mentor, Ohio The Honorable Dave Yost Auditor of State State of Ohio

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Mentor, Lake County, Ohio, (the City) as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Mentor as of December 31, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedules of Net Pension Liabilities and Pension Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 1, 2018, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Mentor (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2017. Please read this information in conjunction with the City's basic financial statements and footnotes.

#### **FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at December 31, 2017 by approximately \$138.4 million (net position). All of the net position is accounted for as governmental activities. Of this amount, \$26.8 million (unrestricted net position prior to reporting the net pension liability) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's net position decreased by \$8.6 million during 2017.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$21.7 million and is available for spending at the City's discretion. The unassigned fund balance equals 38.2 percent of total current year general fund expenditures.
- The City's total debt and other long-term obligations increased by \$8.1 million (8.7 percent) during the current fiscal year. The increase was primarily related to the net effect of the bonds issued (\$4.9 million), retirement of bonds (\$5.4 million), notes issued (\$7.2 million), notes paid (\$3.0 million), increased compensated absence liability (\$0.6 million), increased workers compensation liabilities (\$0.2 million) and additional net pension liability (\$3.5 million).

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of six components: 1) government-wide financial statements, 2) fund financial statements, 3) General Fund budget and actual statement, 4) proprietary fund financial statements, 5) fiduciary fund financial statements, and 6) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

**Government-wide financial statements**. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only

result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statement of activities distinguishes functions of the City that are principally supported by taxes and intergovernmental revenues from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of the City principally include: general government; police; fire; streets and highways; parks, recreation and public facilities; economic and community development; and engineering and building.

**Fund financial statements**. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds**. Governmental funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 53 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the Special Assessment Bond Retirement Fund, which are considered to be major funds. Data from the other 51 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

**Proprietary funds**. Proprietary funds are used to account for activities that receive significant support from fees and charges. The City established two Proprietary funds known as internal service funds to account for the operation of the retrospective workers' compensation program and also to account for its medical self-insurance program. Proprietary funds are not combined with other governmental funds when reporting the governmental fund financial statements. However, fund activity is reflected in the government-wide financial statements.

**Fiduciary funds**. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The fiduciary funds reporting focuses on net position and changes in net position.

**General Fund budget and actual statement**. The City adopts an annual appropriated budget for each of its funds. The General Fund budgetary comparison has been provided as a separate financial statement to demonstrate compliance with its budget.

**Notes to the financial statements**. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The Statement of Net Position looks at the City as a whole. The following table provides a summary of the City's net position for 2017 compared to 2016.

The City has adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions-an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension and the net position liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pensions costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the standards required by GASB 68, the net pension liability equals the City's proportionate share of each plan's collective:

- 1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
- 2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" - that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps required action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system as against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the City's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

Net position at December 31, 2017 was decreased by \$8,584,869.

Total assets and deferred outflows of resources decreased \$1,313,137 from 2016 to 2017. The decrease was primarily caused by a decrease in capital assets of \$1.6 million.

Total liabilities and deferred inflows of resources increased by \$7,271,732. The increase was primarily attributable to an increase in the net pension liability by \$3.5 million and a \$0.5 million increase in pension deferred inflows, and a \$5.6 million increase in current and other liabilities, mostly related to bond anticipation notes issued during 2017.

The result of increased assets and deferred outflows of resources and increased liabilities and deferred inflows of revenues is a decrease in total net position of \$8,584,869. A portion of the City's net position (16.9 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is a deficit of \$21.9 million. The deficit is primarily the result of the City's implementation of Governmental Accounting Standards Board Statement No. 68, "Accounting and Financial Reporting for Pension – an Amendment of GASB Statement 27" (GASB 68).

In order to further understand what makes up the changes in net position for the current and previous year, the following table provides details regarding the results of activities for those years.

#### **Changes in Net Position**

|              |   | <br><del></del>   |    |             |

The decrease in net position of \$8.6 million in 2017 is a result of higher expenses in most functional areas, particularly General government due to IT and new phone system expenditures and Streets and highways which had more large road projects in 2017, and lower program revenues for both operating and capital grants and contributions and lower general revenues for grants and entitlements not restricted to specific programs and other revenues with more revenue from collections of municipal income taxes.

The increase in net position of \$2.9 million in 2016 is a result of higher expenses in most functional areas, and higher program revenues and general revenues. Charges for services in Program Revenues and all categories in Expenses were higher by approximately \$5 million in 2016 as a result of the City's establishment of a Self Insurance Fund for medical insurance. Grant Revenues were received on a some very large road projects in 2016.

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Governmental Funds**

The focus of the City's governmental funds is to provide information on inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance is a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2017, the City's governmental funds reported combined ending fund balances of \$39.1 million, an increase of \$3.2 million from the prior year. The unassigned amount of \$19.2 million is available for spending at the City's discretion. The remainder of the combined fund balances is not available for general spending because it has already been 1) assigned (\$6.1 million), 2) committed (\$1.7 million), 3) restricted (\$11.3 million), or nonspendable (\$0.9 million).

The City reported two major funds for the year – the General Fund and the Special Assessment Bond Retirement Fund. In addition to the detailed analysis of the General Fund that follows, the changes in fund balance of the Special Assessment Bond Retirement Fund should be noted:

 The City recorded revenues of \$1.0 million and expenditures of \$1.0 million related to special assessments for certain bonds issued in past years. The fund balance did not materially change from the previous year.

The General Fund is the chief operating fund of the City. At December 31, 2017, the unassigned fund balance of the General Fund was \$21.7 million. As a measure of the General Fund's liquidity, it is useful to compare the unassigned fund balance to total fund expenditures. The unassigned fund balance represents 38.2 percent of total General Fund expenditures at December 31, 2017.

A two-year comparison of General Fund activity is shown in the following table. The revenues, expenditures and changes in fund balance shown in the comparison are presented on the modified accrual basis of accounting applicable to governmental funds.

#### **General Fund**

# Statement of Revenues, Expenditures and Changes in Fund Balance Information (Modified Accrual Basis) Years Ended December 31, 2017 and December 31, 2016

|   | 2017          | 2016          |
|---|---------------|---------------|
| Revenues:                               |               |               |
| Property taxes                          | \$ 1,032,230  | \$ 515,495    |

| Change in inventory                     | (91,271)      | (291,178)     |
| Fund balance at end of year             | \$ 30,042,770 | \$ 30,165,509 |

#### **Analysis of General Fund Revenues**

General Fund revenues totaled \$55.6 million in 2017, an increase of approximately 3.9% from 2016. A discussion of each of the major types of General Fund revenues follows.

#### Property Taxes

Taxes collected from real property and public utility tangible personal property in one calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year, the lien date.

The "assessed valuation" of real property is fixed at 35% of true value and is determined pursuant to rules of the State Tax Commissioner. An exception is that real property devoted exclusively to agricultural use is assessed at not more than 35% of its current agricultural use value. Real property devoted exclusively to forestry or timber growing is taxed at 50% of the local tax rate multiplied by the assessed value.

The assessed values of taxable property in the City for the past two years were as follows:

| Collection Year | Re | al Property | <br>y Property<br>thousands) | Asses | ssed Valuation |
|-----------------|----|-------------|------------------------------|-------|----------------|
| 2016            | \$ | 1,378,653   | \$<br>49,670                 | \$    | 1,428,323      |
| 2017            | \$ | 1,382,528   | \$<br>52,948                 | \$    | 1,435,476      |

Property tax revenues increased by approximately 100.0% in 2017 principally due to reallocating 0.4 mills of available inside millage to the general fund from the general obligation bond retirement fund.

#### Municipal Income Taxes

Ohio law authorizes a municipal income tax on both business income (net profits from the operation of a business or profession) and employee wages, salaries, and other compensation at a rate of up to 1% without voter authorization and at a rate above 1% with voter authorization. The charter of the City of Mentor requires voter approval of any tax on income. On March 6, 2012, the voters in the City renewed the 2% income tax for a five year period through December 31, 2017. On March 15, 2016, the 2% income tax was renewed by the voters for an indefinite period, without an expiration date.

The income tax is imposed on gross salaries and wages earned in the City by non-residents of the City and on salaries, wages and other compensation of City residents earned within or outside the City. The income tax liability of a City resident employed outside the City is reduced by a credit equal to 100% of the tax paid to the municipality in which the City resident is employed. The tax on business profits is imposed on that part of profits attributable to business conducted within the City.

Income tax revenue increased approximately \$2.2 million in 2017 versus the comparable amount in 2016 as a result of a strong and healthy local economy, particularly in the manufacturing sector. Revenue generated from the municipal income tax is recorded in the General Fund and may be used for any governmental purpose, including debt service on general obligation bonds of the City.

#### Intergovernmental

Intergovernmental revenues are composed of federal and state grants and other shared revenues including taxes levied and collected by the State of Ohio and Lake County and partially redistributed to the City and other political subdivisions. Shared revenues include state income, sales, corporate franchise, estate, and cigarette taxes as well as liquor fees. Intergovernmental revenues increased by approximately 1.2% in 2017 primarily due to a slight increase in state shared grant revenues.

The State Local Government Fund ("LGF") and Local Government Revenue Assistance Fund ("LGRAF") are a significant source of non-tax General Fund revenue. Through these funds, Ohio subdivisions share in a portion of the State's collection of the sales tax, use tax, personal income tax, corporate franchise tax and public utilities excise tax. The percentages of the five taxes supporting these funds have varied over the years. At times, the dollar amounts in the funds have been capped at specified levels.

Pursuant to the Ohio Revised Code, State LGF revenues are divided into county and municipal portions. The county portion, the larger of the two, is distributed to each of the State's 88 counties and is allocated based upon a statutory formula utilizing county population and county municipal property values. Once received by a county, the funds can either be distributed to all subdivisions using the statutory formula or the county and its subdivisions may agree upon an alternate method for allocating the funds. Lake County and its recipient communities have chosen the latter method, which is comprised of a base allocation and an excess allocation. The excess allocation takes into account such factors as assessed value per capita, per capita income, population density and the number of individuals receiving public assistance. The municipal portion of the LGF is distributed directly by the State to those municipalities that collect an income tax. A municipality receives its share of the funds based upon its percentage of total municipal income taxes collected throughout the state in a given year. In 2017, the City had LGF revenue of \$1.6 million.

#### Charges for Services

Revenue from charges for services increased by \$30,610, approximately 0.5% in 2017 mostly due to sales of cemetery lots.

#### Licenses, Permits and Inspections

Revenue from licenses, permits and inspections decreased by \$93,194, approximately 5.3% in 2017 primarily due to less revenue from new subdivision testing fees.

#### Investment Income

Investment income in 2017 was \$527,441, up from \$445,151 in 2016. The change was due to the following three factors. The City had an average of \$34.8 million invested during 2017 versus \$37.4 million in 2016, which decreased investment income by about \$40,000. Secondly, a higher effective yield on the portfolio of about 0.39% during 2017 caused an increase of about \$130,000. Finally, the incremental change in the fair market value of the City's corporate bond funds caused the remaining decrease of \$8,000.

#### Donations and Other

Revenue from donations and other decreased by \$662,708 during 2017, primarily due to less revenue received from the sale of assets.

#### **Analysis of General Fund Expenditures**

General Fund expenditures and other uses totaled \$58.1 million in 2017, an increase of 6.05% from 2016. The amount of expenditures and other uses by function on a modified accrual basis for the year ended December 31, 2017, including the increases (decreases) over the prior year, are shown in the following table:

Increase

| Expenditures and Other Uses             |    | 2017   | Total           | 2016           | Total           | (De | crease<br>ecrease)<br>ver 2016 | Change        |

| uses                                    | \$ | 58,088 | <u>100.00</u> % | \$<br>54,774   | <u>100.00</u> % | \$  | 3,314                          | <u>6.05</u> % |

General government expenditures were higher as a result of major investment in a new city-wide phone system and information technology.

The Streets and highways and Engineering and building expenditures were higher because of more spending on sidewalk and drainage projects in 2017. Expenditures for the function of Economic and community development increased because of higher recorded expenditures for economic incentive grants during 2017.

Capital outlay decreased as a result of less capital improvement requirements throughout the Parks Department.

Debt Service principal retirement was higher due to the retirement of the bond anticipation note for \$2.5 million during 2017.

Major Expense Categories. A discussion of the City's major expense categories follows:

#### Employee Compensation and Labor Relations

As of December 31, 2017 and 2016, the City had approximately 344 and 339 full-time employees, respectively. As of December 31, 2017, approximately 221 full-time employees are represented in 5 collective bargaining units. The labor unions, together with the approximate number of employees represented by each, are the Municipal, County and State Employees' Union 1099 – 60, the Ohio Patrolmen's Benevolent Assn., representing three units – 93, and the International Assn. of Firefighters Local 1845 – 68.

There have been no work stoppages in the City within the last 20 years. The current three-year agreements with the labor unions, which represent the full-time employees, all expire in March 2020. The agreement covering the part-time firefighters expires in March 2018. The current agreements have wage increases of generally 2.5%.

The Council, by ordinance, establishes schedules of salaries, wages and other economic benefits for the City's non-union employees. Generally, the terms of these ordinances have mirrored the wage increases and benefits in the union agreements.

Chapter 4117 of the Ohio Revised Code (the "Collective Bargaining Law"), establishes procedures for, and regulates public employer-employee collective bargaining and labor relations for the City and other state and local governmental units in Ohio. The Collective Bargaining Law creates a three-member State Employment Relations Board, which administers and enforces the Collective Bargaining Law. Among other things, the Collective Bargaining Law: (i) creates rights and obligations of public employers, public employees and public employee organizations with respect to labor relations; (ii) defines the employees it covers; (iii) establishes methods for (a) the recognition of employees and organizations as exclusive representatives for collective bargaining and (b) the determination of bargaining units; (iv) establishes matters for which collective bargaining is either required, prohibited, or optional; (v) establishes procedures for bargaining and the resolution of disputes, including negotiation, mediation and fact finding; and (vi) permits all covered employees to strike, except certain enumerated classes of employees, such as police and fire personnel.

Over the past two years, the total salaries and wages paid to City employees from the General Fund were as follows:

| <u>Year</u> | <b>Amount Paid</b> |            |  |  |
|-------------|--------------------|------------|--|--|
| 2017        | \$                 | 28,080,801 |  |  |
| 2016        | \$                 | 27,744,660 |  |  |

### Employee Retirement Benefits

City employees (except for certain part-time firefighters who are covered by social security) are members of one of two retirement systems. These retirement systems provide both pension and post-retirement health care benefits to participants, were created pursuant to Ohio statutes and are administered by state created boards of trustees. The boards are comprised of a combination of elected members from the respective retirement systems' memberships and ex-officio members from certain state government offices.

These two retirement systems are:

- Ohio Public Employees Retirement System (OPERS), created in 1935, represents state
  and local government employees not included in one of the other four state-mandated
  systems. More data on this pension fund is shown in Notes 13 and 14 of the financial
  statements.
- Ohio Police and Fire Pension Fund (OP&F), created in 1966, represents sworn personnel, not civilians, employed in police and fire divisions of Ohio's local governments. All of the City's full-time police and fire officers are members of this pension fund. More data on this pension fund is shown in Notes 13 and 14 of the financial statements.

Over the past two years, the City and its employees have made actual payments in the following amounts to OPERS and OP&F:

|                         | 2  | 2017    |         | 2016  |
|-------------------------|----|---------|---------|-------|
| •                       |    | (in tho | usands) |       |
| Paid by City to         |    |         |         |       |
| OPERS                   | \$ | 2,087   | \$      | 2,047 |
| OP&F                    |    | 2,937   |         | 2,886 |
| Total paid by City      |    | 5,024   |         | 4,933 |
| Paid by Employees to    |    |         |         |       |
| OPERS                   |    | 1,548   |         | 1,463 |
| OP&F                    |    | 1,719   |         | 1,638 |
| Total paid by Employees |    | 3,267   |         | 3,101 |
| Total                   | \$ | 8,291   | \$      | 8,034 |

The City is current in all of its required contributions to the respective pension funds.

#### **GENERAL FUND BUDGETARY ANALYSIS**

The difference between the original and final amended budget for the City's General Fund expenditures, including transfers and advances out, was an increase of \$13.2 million, a 19.9 percent increase in appropriations. The budget for general fund expenditures was increased as a result of underestimating original appropriations due to the following:

- Various capital project funds and grant funds required temporary cash advances from the General Fund. (Roadway infrastructure projects - \$5,400,000; various grants and other -\$4,200,000). The General Fund will be reimbursed next year from revenue to be received from outside funding sources for advances that were not repaid in 2017.
- Various capital project funds required cash transfers from the General Fund in order to close out roadway infrastructure projects - \$900,000; expenditures were necessary for the purchase of land at Springbrook Gardens Park - \$2,500,000; various other general government - \$200,000.

The difference between the original and final amended budget for the City's General Fund revenues, including advances in, was an increase of \$11.2 million, an increase of 19.2 percent. The budget for general fund revenues was increased as a result of underestimating revenues due to the following:

- Income tax revenues were higher than anticipated. There was an increase of approximately \$2.2 million from the previous year.
- Advances in to the General Fund were \$3.5 million higher than anticipated. Temporary
  cash advances are issued from the general fund for various projects and then must be
  returned to the General Fund.
- Bond anticipation notes were issued for \$2.5 million. The notes were not included in the original revenue estimate for 2017.

The difference between the final amended budget and actual expenditures for the City's General Fund expenditures was a positive \$5.0 million. The following functions reported favorable material variances (rounded to the nearest \$100,000):

- General government The Finance Department incurred less expenditures for tax collection agency fees and claims (\$300,000); City Council and the Municipal Court incurred less expenditures for operational costs (\$300,000); City Manager and Legal Department incurred less operational costs (\$300,000); Contingency for emergency expenditures were not used (\$500,000).
- Police Employee compensation and benefits were under budget primarily because of unfilled positions during the year, (\$400,000); and operational costs were less than budgeted (\$100,000).
- Fire Employee compensation and benefits were under budget primarily because of unfilled positions during the year, (\$400,000); and operational costs were less than budgeted (\$200,000).
- Streets and Highways Employee compensation and benefits were under budget primarily because of unfilled positions during the year (\$400,000); and less expenditures for maintenance and repair of certain infrastructure projects (\$300,000).
- Parks, recreation and public facilities Employee compensation and benefits were under budget primarily because of unfilled positions during the year (\$500,000); and less expenditures for maintenance and repairs on facilities throughout the City (\$500,000).
- Economic and community development Employee compensation and benefits were under budget primarily because of partially unfilled positions during the year (\$100,000); and less expenditures for economic incentive grants (\$100,000).
- Engineering and Building Employee compensation and benefits were under budget primarily because of unfilled positions during the year (\$200,000); less expenditures for general engineering services (\$200,000).

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets: The City's investment in capital assets as of December 31, 2017 equaled \$168.3 million (net of accumulated depreciation). This investment in capital assets includes land, land improvements, buildings and improvements, equipment, infrastructure, and construction in progress. The total decrease in the City's investment in capital assets in 2017 was 1.0 percent. A summary of the City's capital assets at December 31, 2017 and December 31, 2016 is as follows:

|                            | Net o | 2017 Capital Assets, Net of Accumulated Depreciation |    | 2016 Capital Assets, Net of Accumulated Depreciation |  |
|----------------------------|-------|--|----|--|--|
| Land                       | \$    | 66,074,488   | \$ | 65,438,720   |  |
| Land improvements          |       | 1,119,342  |    | 1,252,355  |  |
| Buildings and improvements |       | 19,558,699   |    | 17,828,722   |  |
| Equipment                  |       | 7,877,421  |    | 7,520,002  |  |
| Infrastructure             |       | 64,875,145   |    | 64,001,443   |  |
| Construction in progress   |       | 8,755,931  |    | 13,875,606   |  |
| Total                      | \$    | 168,261,026  | \$ | 169,916,848  |  |

The following were the major transactions during the current fiscal year that affected the City's capital assets:

- Land purchased properties along Heisley Road during the project to widen the roadway.
- Land improvements normal annual depreciation on existing capital assets.
- Buildings and improvements normal annual depreciation on existing buildings (\$1.0 million) with completion of two new buildings golf course maintenance building (\$0.5 million), and amphitheater (\$2.3 million.)
- Equipment acquisition of new equipment and vehicles (\$1.8 million) offset by normal annual depreciation and asset disposals on existing equipment (\$1.4 million).
- Infrastructure normal annual depreciation on existing roads, bridges, and other infrastructure (\$2.5 million) with \$3.4 million in new construction and improvements.
- Construction in progress \$5.1 million decrease is primarily the result of capitalizing the cost of the Heisley Road widening project.

The primary sources for financing the City's capital improvement projects are federal, state (Issue 2), and Lake County funding sources; general obligation bond proceeds; and general fund revenues. Additional information on the City's capital assets can be found in Note 6 to the financial statements.

**Long-term debt**. As of December 31, 2017 the City had total bond, notes and loans outstanding of \$31.4 million. These are backed by the full faith and credit of the City.

The activity affecting the City's debt obligations outstanding during the year ended December 31, 2017 is summarized below.

|   | alance<br>nuary 1,<br>2017                   | Debt<br>ssued                            |           | Debt<br>Retired                               | Balance<br>ember 31,<br>2017                 |
|---|--|--|-----------|---|--|
|   |  | (in th                                   | nousan    | ds)   |  |

The funds used to meet the debt service requirements of the City's general obligation bonds are from certain ad valorem taxes and other revenue sources. Ad valorem taxes, the primary source of funds, amounted to \$2.2 million in 2017 which represented 62% of the debt service requirements on the general obligation and special assessment bonds. Use of existing fund balances and transfers from the general fund were used to pay the remaining 38% of debt service requirements.

The City issues its general obligation bonds within the context of its Capital Improvement Program. Programs which have benefited due to the issuance of general obligation debt include construction of and additions to City buildings (including a maintenance facility, an ice arena, a senior center, a fire station, and a City hall addition), and acquisition of a golf course, marina, and park land.

The City also issues special assessment bonds for various roadway improvements. The debt service on the special assessment bonds is paid from the revenue collected through the special assessment levies.

The City presently has an Aa1 bond rating from Moody's Investors Service and a AA+ rating from S&P Global. The ratings were both assigned in October, 2017, and reaffirmed for the City's most recently issued Series 2018 Various Purpose bonds. Previously the City had an Aa1 rating from Moody's that was based on a recalibration during 2010 and reaffirmed in 2011 and 2015. Prior to that, the City had an Aa2 rating from Moody's that was assigned in 2005, and reaffirmed several times.

The ratio of net general bonded debt to assessed valuation and the amount of bonded debt per capita are useful indicators of the City's debt position. Net general bonded debt is total general bonded debt supported by taxes less amounts available in the Debt Service Funds. This data at December 31, 2017 was:

| Net General Bonded Debt                        | \$<br>22,532,332 |
|--|------------------|
| Ratio of Net Bonded Debt to Assessed Valuation | 1.57%            |
| Net General Bonded Debt Per Capita             | \$<br>480.42     |

The Ohio Revised Code provides that the net debt of the municipal corporation, whether or not approved by the electors, shall not exceed 10.5 percent of the assessed value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5 percent of the total assessed value of property. The City's total debt limit (10.5 percent) is \$150,725,002 and unvoted debt limit (5.5 percent) is

\$78,951,192. These debt limitations are not expected to affect the financing of any currently planned facilities or services.

Additional information on the City's long-term debt can be found in Note 7 to the financial statements.

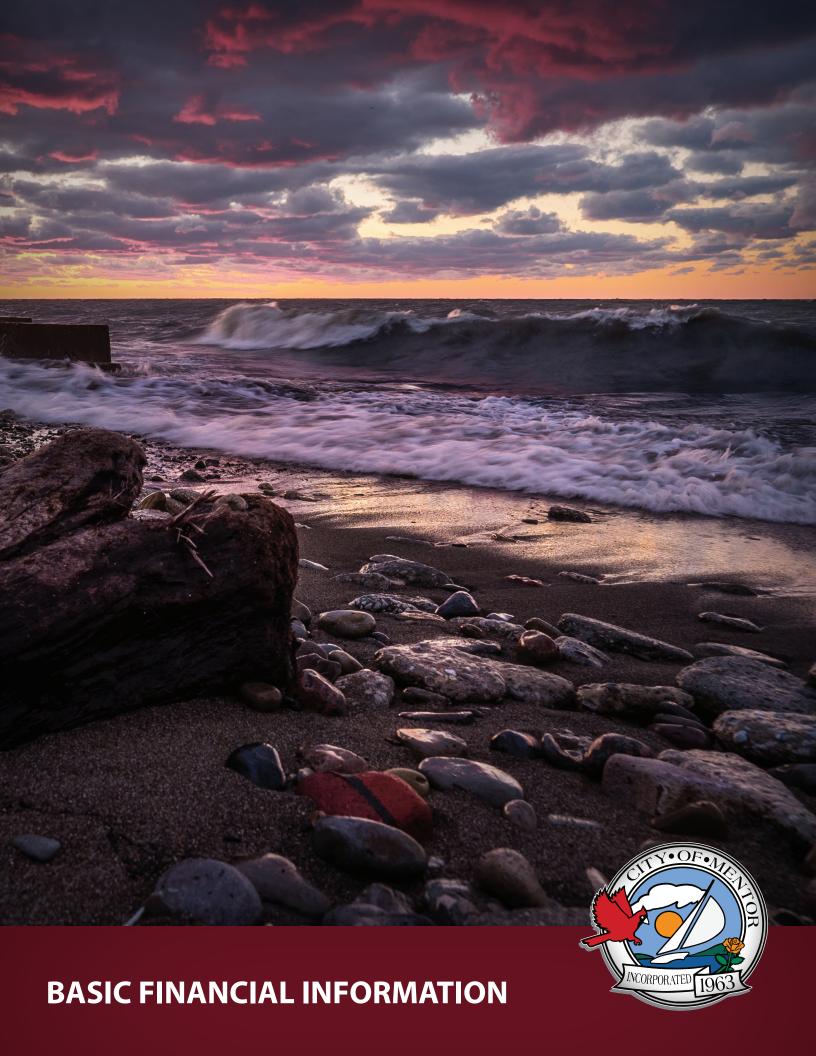

# FACTORS EXPECTED TO IMPACT THE CITY'S FUTURE FINANCIAL POSITION OR RESULTS OF OPERATIONS

On a cash basis the City's general fund budget for 2018 projects a year-end unencumbered balance of \$6.1 million. This includes estimated income tax collections of \$40.6 million which is less than the record year actual 2017 collections. For the four months through April 30, 2017, income tax collections were up 8.2% from the comparable 2017 period. The general fund unencumbered balance at April 30, 2018 was \$9.3 million.

#### **NEED ADDITIONAL INFORMATION**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Director of Finance, City of Mentor, 8500 Civic Center Boulevard, Mentor, Ohio 44060.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES OF GOVERNMENTAL FUNDS YEAR ENDED DECEMBER 31, 2017

| Amount reported for governmental activities in the statement of activities are  |                |
|---|----------------|
| different because:  |                |
| Net change in fund balances - total governmental funds  | \$ 3,329,661   |
| Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period:  Capital asset additions  \$ 3,604,992   |                |
| Current year depreciation (5,206,746)   | (1,601,754)    |
| Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal.  | (54,069)       |
|   | (= 1,000)      |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.  |                |
| Property and municipal income tax 438,799 Intergovernmental (425,209) Special Assessment (357,795)  |                |
| Other (48,929)  | (393,134)      |
| The issuance of long-term debt (e.g. bonds, notes) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. In the statement of activities interest is accrued on outstanding bonds, whereas in governmental funds an interest expenditure is reported when due. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment | (2.074.292)    |
| of long-term debt and related items.  | (3,974,283)    |
| Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.   | 4,740,782      |
| Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities.  | (9,924,519)    |
| The internal service fund used by management to charge the cost of workers' compensation claims to individual funds is not reported in entity-wide statement of activities. Governmental expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental   |                |
| activities.   | 126,166        |
| The internal service fund used by management to charge the cost of self insured health care claims to individual funds is not reported in entity-wide statement of activities. Governmental expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities.  | (69,203)       |
|   | (09,203)       |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.   | (764,516)      |
| Changes in net position of governmental activities  | \$ (8,584,869) |

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

#### NOTE 1 – DESCRIPTION OF CITY OPERATIONS AND REPORTING ENTITY

**The City**: The City of Mentor, Ohio (the "City") was organized under the present system of government effective January 1, 1963 and was incorporated as a home rule municipal corporation under the laws of the State of Ohio. The City operates under a Council-Manager form of government and provides the following services: public safety (police and fire), highways and streets, parks and recreation, public improvements, economic and community development (planning and zoning), and general administrative services.

**Reporting Entity**: The accompanying financial statements as of December 31, 2017 and for the year then ended have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") applicable to local governments. The Governmental Accounting Standards Board ("GASB") is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards ("GASB Codification").

In evaluating how to define the governmental reporting entity, the City complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 61, "The Financial Reporting Entity: Omnibus, an amendment of GASB Statements No. 14 and 34", under which the financial statements include all the organizations, activities, functions, and component units for which the City ("primary government") is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City.

On this basis, the City's financial reporting entity has no component units but includes the Mentor Municipal Court (the "Court") as part of the City's primary government in the determination of the City's reporting entity. The Court's operations are not legally separate from the City. In addition, the City is responsible for budgeting and appropriating funds for the operation of the Court and is ultimately responsible for any operating deficits sustained by the Court. The City's share of the fines collected by the Court, along with its share of the Court's administrative and operating costs, are recorded in the City's General Fund. Moneys held by the Court in a fiduciary capacity are included in the agency fund in the accompanying basic financial statements, as further discussed in Note 5. No other organizations are included as part of the City's reporting entity.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant policies followed during the preparation of the accompanying financial statements.

#### A. Government-wide and fund financial statements

GASB Statement No. 34 established new requirements and a new reporting model for the annual financial reports of state and local governments. The Statement was developed to make annual reports easier to understand and more useful to the people who use governmental financial information to make decisions. Financial information of the City is presented in the following format:

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

#### Basic Financial Statements:

 Government-wide financial statements consist of a statement of net position and a statement of activities. These statements report all of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, expenses, and gains and losses of the City. Governmental activities are normally supported by taxes and intergovernmental revenues. Fiduciary funds of the City are not included in these government-wide financial statements.

Interfund receivables and payables have been eliminated in the government-wide statement of net position. These eliminations minimize the duplicating effect on assets and deferred outflows of resources and liabilities and deferred inflows of resources within the governmental activities total column. Interfund services provided and used are not eliminated in the process of consolidation in the statement of activities. The statement of activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenue includes (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions, including special assessments that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund financial statements consist of a series of statements focusing on information about the City's major governmental funds. Separate statements are presented for the governmental, proprietary and fiduciary funds.

The City's major governmental funds are the General Fund and the Special Assessment Bond Retirement Fund.

The General Fund is the primary operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in other funds. Its revenues consist primarily of income and property taxes, investment income, shared revenues, charges for services, and fines and forfeitures.

General Fund expenditures represent costs of general government; police; fire; streets and highways; parks, recreation and public facilities; economic and community development; engineering and building; and debt service. General Fund resources are also transferred annually to support other services which are accounted for in other separate funds.

The Special Assessment Bond Retirement Fund is used to account for the accumulation of resources for the payment of special assessment long-term debt principal, interest, and related costs.

The City maintains proprietary funds, such as internal service funds, to report any activity that provides goods or services to other funds, departments or agencies or to other governments, on a cost-reimbursement basis. Currently, the City has two proprietary

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

funds which are Internal Service Funds for Workers' Compensation and Self Insurance. Operating revenues within those funds are generated directly from the General Fund as Charges for Services. Operating expenses are the payment of premiums and claims which are the primary purposes of the funds.

Also maintained by the City are fiduciary funds, such as private-purpose trust funds and agency funds, used to account for either legal trust arrangements which benefit individuals, private organizations, or other governments or assets and deferred outflows of revenues held by the City as an agent for individuals, private organizations or other governments.

- 3. The City's General Fund budget to actual statement is presented as part of the basic financial statements.
- 4. Notes to the financial statements provide information that is essential to a user's understanding of the basic financial statements.

### B. Financial reporting presentation

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and deferred outflows of resources, liabilities and deferred inflows of resources, fund balance (net position), revenues, and expenditures (expenses). The fund types and classifications that exist under GAAP are as follows:

#### **GOVERNMENTAL FUNDS**

- General Fund The General Fund is the general operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund.
- Special Revenue Funds Special revenue funds are used to account for and report the
  proceeds of specific revenue sources that are restricted or committed to expenditure for
  specified purposes other than debt service or capital projects. These funds include most
  federal and state grants.
- Debt Service Funds Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of general obligation and special assessment long-term debt principal, interest, and related costs.
- 4. **Capital Projects Funds** Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.
- 5. **Permanent Funds** Permanent funds are used for the purpose of accounting for and reporting resources that are legally restricted to the extent that earnings, and not principal,

## NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

may be used for purposes that support the reporting government's programs. During 2017, the City did not utilize any permanent funds.

#### PROPRIETARY FUNDS

- Enterprise Funds Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. During 2017, the City did not utilize any enterprise funds.
- 2. Internal Service Funds Internal service funds are used to report activity for the financing of goods or services provided by one department to other departments or to other governments on a cost-reimbursement basis. During 2011, the City established, with Resolution No. 11-R-107, an internal service fund known as the Workers' Compensation Fund to account for the operation of the retrospective ratings plan for Workers' Compensation. During 2016, the City established, with Resolution 16-R-102, an internal service fund known as the Self Insurance Fund to account for the operation of a self-insurance program.

#### FIDUCIARY FUNDS

- 1. Private-purpose Trust Funds Private-purpose trust funds are used to account for trust arrangements which benefit individuals, private organizations, or other governments. For accounting measurement purposes, the private-purpose trust funds are accounted for in essentially the same manner as proprietary funds. The City accounts for the cost of decorating specific graves as designated by individual donors in a Cemetery Bequest and Endowment Fund.
- Agency Funds Agency funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. Agency funds are custodial in nature (assets and deferred outflows of resources equal liabilities and deferred inflows of revenues) and do not involve the measurement of results of operations. The City's agency fund accounts for the Mentor Municipal Court.
- 3. **Other Fiduciary Funds** Other fiduciary funds include pension trust funds and investment trust funds. During 2017, the City did not utilize any such trust funds.

Fiduciary Funds are not included in the government-wide statements.

#### C. Measurement focus and basis of accounting

Except for budgetary purposes, the basis of accounting used by the City conforms to GAAP as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a cost reimbursement basis.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities and deferred inflows of resources of the current period. The City generally considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are generally recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

In applying the susceptible-to-accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within sixty days after year-end and available to pay obligations of the current period): income taxes, investment earnings, and shared revenues. Reimbursements due for federal or state funded projects are accrued as revenue at the time the expenditures are made or, when received in advance, deferred until expenditures are made. Property taxes and special assessments, though measurable, are not available to finance current period obligations. Therefore, property tax and special assessment receivables are recorded and deferred until they become available. Other revenues, including licenses, fees, fines and forfeitures and charges for services are recorded as revenue when received in cash because they are generally not measurable until actually received.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

### D. Budgetary Procedures

**Budgetary Process**: The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation ordinance. These budgetary documents are subject to amendment

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

throughout the year with the legal restriction that appropriations cannot exceed estimated resources as certified. The tax budget and appropriation ordinance are prepared under the direction of the City Manager and submitted to City Council for adoption. Budgeted expenditures represent original appropriations as modified by adjustments during the year. The primary level of budgetary control is at the departmental and object level. Budget revisions within appropriated amounts are subject to the approval of the City Manager. Changes in a department's total appropriation require action by City Council. For the year ended December 31, 2017, expenditures did not exceed appropriations in any individual department.

**Tax Budget**: A budget of estimated cash receipts and disbursements is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

**Estimated Resources:** The County Budget Commission certifies its actions to the City by September 1. As part of this process, the City receives the official certificate of estimated resources which states the projected cash receipts of each fund. On or about January 1, this certificate is amended to include actual unencumbered cash balances from the preceding year.

Appropriations: A temporary appropriation ordinance to control expenditures (expenses) may be passed on or about January 1 for the period through March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 to December 31. The appropriation ordinance may be amended during the year as new information becomes available, provided that total appropriations do not exceed certified estimated resources, as amended. At the end of the fiscal year, all unexpended and unencumbered balances of operating appropriations revert to the fund from which the original appropriation was made, where they become available for future appropriation. Appropriations are adopted by City Council for all funds except the Municipal Court Fund (Agency Fund); however, the City is only required to report herein on the budget adopted for the General Fund.

**GAAP/Budget Reconciliation:** The City's budgetary process accounts for certain transactions on a basis other than accounting principles generally accepted in the United States of America (GAAP basis). The major difference between the budgetary basis and the GAAP basis is that financial transactions are recorded on a cash and encumbrance basis (budgetary basis) as opposed to when susceptible to accrual (GAAP).

A reconciliation of the General Fund's results of operations for 2017 reported on the budget basis versus the GAAP basis is as follows:

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

### **Net Change in Fund Balance**

| Budget Basis                              | \$<br>(5,542,926) |
|---|-------------------|
| Adjustments:                              |                   |
| Revenue accruals                          | 299,823           |
| Advances in                               | (11,475,932)      |
| Advances out                              | 12,410,487        |
| Expenditure accruals                      | 93,269            |
| Funds with separate legally adopted budge | (56,633)          |
| Encumbrances                              | 4,240,444         |
| GAAP Basis                                | \$<br>(31,468)    |

**Encumbrances**: Encumbrance accounting, under which purchase orders, contracts, and other commitments for the future expenditure of funds are recorded in order to constrain a portion of the applicable appropriation, is utilized during the year for budget control purposes. Encumbrances outstanding at year-end are reported as expenditures under the City's budgetary basis of accounting.

The City honors the contracts represented by year-end encumbrances, and the related appropriations are carried forward to the succeeding year. For governmental fund financial statements reporting purposes, encumbrances outstanding at year-end are reported as restricted, committed, assigned or unassigned classifications of fund balance since they do not constitute expenditures, liabilities, or deferred inflows of resources.

The budget and actual expenditures included in the General Fund budgetary statement include all expenditures made during the year under the City's budgetary basis of accounting, including expenditures made in the current year that were encumbered and appropriated in the prior year.

As of December 31, 2017, the City's commitments for encumbrances in the governmental funds were as follows:

|                | Encumbrances         |  |  |  |
|----------------|----------------------|--|--|--|
|                | <u>Outstanding</u>   |  |  |  |
| General        | \$ 4,240,444         |  |  |  |
| Nonmajor funds | 11,676,725           |  |  |  |
| Total          | \$ <u>15,917,169</u> |  |  |  |

#### E. Other Significant Accounting Policies

**Cash and Investments**: Cash resources of certain individual funds are combined to form a pool of cash and investments which is managed by the Director of Finance. Interest earned on pooled cash and investments is credited to the General Fund, (except in cases where state law or City ordinances require that the income be allocated to certain specific funds, utilizing a formula based on the month-end balance of each fund). The City reports its investments at fair value based on quoted market values and recognizes the corresponding change in the fair value of the investments as investment earnings in the year in which the change occurs.

## NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

**Inventory**: Inventory is valued at cost using the first-in, first-out (FIFO) method and consists of expendable supplies held for consumption and items held for resale. The cost of inventory items is recorded as an expenditure in the governmental fund financial statements at the time individual inventory items are purchased. Reported inventories are equally offset by a nonspendable fund balance which indicates that they do not constitute "available spendable resources" even though they are a component of net position.

**Prepaids**: Payments made to vendors for services that will benefit periods beyond December 31, 2017, are recorded as prepaid items using the consumption method by recording a currenty asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

Capital Assets: Capital assets, which include land, construction in progress, land improvements, buildings (including renovations and improvements), equipment, and infrastructure assets are reported in the governmental activities column in the government-wide financial statements to the extent the City's capitalization threshold is met. The City defines capital assets as assets with an estimated useful life in excess of five years (except vehicles) and an individual cost of more than \$5,000. Assets are recorded at historical cost or estimated historical cost, if historical cost is not available. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at their acquisition value on the date contributed.

As permitted under the implementation provisions of GASB Statement No. 34, the historical cost of infrastructure assets acquired, significantly reconstructed or that received significant improvements prior to January 1, 1980 have not been included as part of governmental capital assets in the government-wide financial statements.

Costs for maintenance and repairs are expensed when incurred. However, costs for repairs and upgradings that materially add to the value or life of an asset and meet the above criteria are capitalized.

The City depreciates capital assets on a straight-line basis using the following estimated useful lives:

| Land improvements          | 20    |
|----------------------------|-------|
| Buildings and improvements | 20-40 |
| Equipment                  | 5-20  |
| Infrastructure             | 25-50 |

**Compensated Absences**: The City accrues for accumulated, unpaid vacation and sick leave earned using the termination payment method specified under GASB Statement No. 16, Accounting for Compensated Absences. In the government-wide financial statements, the entire amount of unpaid vacation and sick leave is reported as a liability. A liability for accumulated, unpaid vacation and sick leave is accrued in the governmental fund financial statements only if the amount is currently due and payable at year end.

These amounts are recorded as accrued payroll and employee benefits in the fund from which the employees who have accumulated leave are paid. The remaining portion of the liability is not reported in the governmental fund financial statements.

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Normally, all vacation time is to be taken in the year available unless approval for carryover is obtained. City employees also earn sick leave which, if not taken, accumulates until retirement. Upon retirement, an employee with ten or more years of service is paid one-third of accumulated sick leave, subject to certain limitations, calculated at current wage rates.

Accrued Liabilities and Long-Term Obligations: In the government-wide statement of net position, accounts payable and accrued liabilities, deposits, notes payable, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the bonds-outstanding method, which approximates the effective interest method. Losses on advance refundings are deferred and amortized over the life of the new debt, or the life of the advance refunded debt, whichever is shorter. Bonds payable are reported net of the applicable unamortized bond premium, discount or advance refunding losses. Bond issuance costs are reported as an expense in the period incurred.

In the governmental fund financial statements, bond premiums and discounts, as well as bond issuance costs, are recognized as revenues or expenditures during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

**Fund Balances**: Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable – The nonspendable fund balance classification includes amounts that cannot be spent because they are not spendable in form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of the City's Council. Those committed amounts cannot be used for any other purpose unless the City's Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts.

Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Assigned – Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. Assigned amounts represent intended uses established by the City's legislative body, the City Council. State statute authorizes the Finance Director to assign fund balance for purchase orders; provided such amounts have been lawfully appropriated.

Unassigned – Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In the other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

|                             |               | Special<br>Assessment Other |           |    |             |                  |
|-----------------------------|---------------|-----------------------------|-----------|----|-------------|------------------|
| Fund Dalances               | 0             | ъ.                          | Bond      | G  | overnmental | Takal            |

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

**Grants and Other Intergovernmental Revenues**: Grants and assistance awards made on the basis of entitlement programs are recorded as intergovernmental receivables and revenues when entitlement occurs. Reimbursement-type grants are recorded as intergovernmental receivables and revenues when the related expenditures (expenses) are incurred.

**Interfund Transactions**: During the course of normal operations, the City has numerous transactions between funds, including the allocation of centralized expenses and transfers of resources to provide services, construct assets, and service debt. Such transactions are generally reflected as transfers or direct expenses of the fund that is ultimately charged for such costs.

**Deferred Outflows/Inflows of Resources:** In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the City, deferred outflows of resources are reported on the government-wide statement of net position for deferred charges on refunding and for pension. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension are explained in Note 13.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the City, deferred inflows of resources include property taxes, payments in lieu of taxes, pension and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2017, but which were levied to finance year 2018 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, income tax, intergovernmental grants, other revenues, shared revenue and special assessments. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension are reported on the government-wide statement of net position. (See Note 13)

**Pensions:** For purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

### F. Recently Issued Accounting Pronouncements

During the year, the City implemented the following Governmental Accounting Standards Board (GASB) Statements:

GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. The implementation of GASB Statement No. 74 did not have an effect on the financial statements of the City.

GASB Statement No. 80, Blending Requirements for Certain Component Units-an amendment of GASB Statement No. 14. The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, The Financial Reporting Entity, as amended. The implementation of GASB Statement No. 80 did not have an effect on the financial statements of the City.

GASB Statement No. 81, *Irrevocable Split-Interest Agreements*. The object of this statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The implementation of GASB Statement No. 81 did not have an effect on the financial statements of the City.

GASB Statement No. 82, Pension Issues-an amendment of GASB Statements No. 67, No. 68, and No. 73. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The implementation of GASB Statement No. 82 did not have an effect on City's beginning net position.

#### **NOTE 3 - DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts. Inactive deposits are monies identified as not required for use within the current five-year period of designation of depositories.

## NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim monies may be deposited or invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio and any of its taxing subdivisions;
- No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that the investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAROhio). No derivative, securities, or investment "pools" with the exception of STAROhio are permitted. STAROhio is an investment pool professionally managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. The fund follows all state statutes from the Ohio Revised Code under the Uniform Depository Act. The fund is audited by the State of Ohio to ensure compliance with these laws;
- Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed three million dollars face amount invested in the acceptances of any one bank at any time; and,
- 8. Under limited circumstances, consistent with the City's investment policy, three mutual funds which invest in corporate and GNMA bonds: Vanguard Short-Term Corporate Fund, Vanguard Intermediate-Term Corporate Fund, and Vanguard GNMA Fund.

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

#### **Deposits**

**Custodial credit risk** is the risk that in the event of bank failure, the City's deposits may not be returned to it. The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or protected by:

Eligible securities pledged to the City and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured; or

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. The City's financial institution had enrolled in OPCS as of December 31, 2017.

At year-end, the carrying amount of the City's deposits including certificates of deposit was \$4,976,057 and the bank balance was \$6,618,056. Of the bank balance, \$750,000 was covered by Federal depository insurance and \$5,868,056 was uninsured. Of the remaining uninsured bank balance, \$5,868,056 was collateralized with securities held by the pledging institution's agent or trust department, not in the City's name.

#### Investments

STAR Ohio is measured at net asset value per share while all other investments are measured at fair value. Fair value is determined by quoted market prices and acceptable other pricing methodologies. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs. The following identify the City's recurring fair value measurement as of December 31, 2017. As previously discussed Star Ohio is reported at its net asset value. All other investments of the City are valued using quoted market prices (Level 1 and 2 inputs).

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

As of December 31, 2017, the City had the following investments:

|  | Measurement   |               |              |              |
|--|---------------|---------------|--------------|--------------|
|  | Value         |               | Maturity     |              |
|  |               | Less than     | 1 to 2       | Greater than |
|  |               | 1 year        | years        | 2 years      |
| Vanguard Short-Term Corporate Bond Fund        | \$ 3,021,320  | \$ -          | \$ 3,021,320 | \$ -         |
| Vanguard Intermediate-Term Corporate Bond Fund | 4,132,147     | -             | -            | 4,132,147    |
| Vanguard GNMA Fund                             | 5,040,255     | -             | -            | 5,040,255    |
| STAROhio                                       | 19,369,949    | 19,369,949    |              |              |
| Total Portfolio                                | \$ 31,563,671 | \$ 19,369,949 | \$ 3,021,320 | \$ 9,172,402 |

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City's investment policy addresses interest rate risk requiring that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The City investment policy also limits security purchases to those that mature five years unless the purchase is in shares of the three Vanguard Corporate and GNMA Funds. The net asset value of the STAROhio investment is equal to the value of the pool shares.

**Custodial Credit Risk** for investments is the risk that, in the event of the failure of the counter party to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the City must meet a set of prescribed standards and be periodically reviewed.

**Credit Risk** is addressed by the City's general investment policy that the objective of investment activity is to maximize investment income while preserving principal and maintaining sufficient liquidity to meet cash flow requirements without having to sell securities before maturity. Investments in debt securities that mature in the future are not made unless it is reasonable to believe that the investment can be held until maturity.

The credit ratings assigned to the three mutual funds were obtained from Barclays Capital using ratings derived from Moody's Investors Service, Fitch Ratings, and Standard & Poor's. Approximately 73% to 76% of the portfolios are rated as follows: the Vanguard Short-Term Corporate Bond Fund and the Vanguard Intermediate-Term Corporate Bond Fund were rated A or better. The Vanguard GNMA Fund was rated equal to the U.S. Government or Aaa. The STAROhio investment was rated AAAm by S&P. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service.

**Concentration of Credit Risk** is defined by the Governmental Accounting Standards Board as five percent or more in the securities of a single issuer. The City's investment policy requires diversification of the portfolio but does not indicate specific percentage allocations.

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

The following is the City's allocation as of December 31, 2017; Vanguard Short-Term Corporate Bond Fund - 9.6%, Vanguard Intermediate Term Corporate Bond Fund - 13.1%, Vanguard GNMA Fund - 16.0%, and STAROhio - 61.3%.

**Reconciliation to Financial Statements**: Total cash and investments are reported as follows:

| Government-Wide Financial Statements Cash and investments  | \$<br>36,403,948 |
|--|------------------|
| Fund Financial Statements  Cash and investments            | \$<br>32,738,815 |
| Proprietary Fund Financial Statements Cash and investments | 3,665,133        |
| Statement of Fiduciary Net Position<br>Cash                | <br>135,780      |
| Total  | \$<br>36,539,728 |

#### NOTE 4 - RECEIVABLES AND DEFERRED INFLOWS OF RESOURCES

Receivables consist of the following at December 31, 2017:

|  | Income<br>Taxes | Property<br>Taxes | Special<br>Assess-<br>ments | Other      | Gross<br>Receivables | Allowance<br>for uncol-<br>lectibles | Net           |
|--|-----------------|-------------------|-----------------------------|------------|----------------------|--------------------------------------|---------------|
| Governmental Activities Governmental Funds |                 |                   |                             |            |                      |                                      |               |
| General Fund                               | \$ 10,603,367   | \$ 1,047,679      | \$ -                        | \$ 335,907 | \$ 11,986,953        | \$ (28,467)                          | \$ 11,958,486 |
| Special Assessment Bond Retirement Fund    | -               | -                 | 10,239,445                  | -          | 10,239,445           | (624)                                | 10,238,821    |
| Other Governmental Funds                   |                 | 3,872,397         | 15,813                      | 65,926     | 3,954,136            | (119,442)                            | 3,834,694     |
| Total Receivables                          | \$ 10,603,367   | \$ 4,920,076      | \$ 10,255,258               | \$ 401,833 | \$ 26,180,534        | \$ (148,533)                         | \$ 26,032,001 |

Governmental fund financial statements report deferred inflows of resources pertaining to receivables that are not considered to be available to liquidate liabilities of the current period. Revenue recognition is also deferred with respect to grant revenues that have been received, but all eligibility requirements have not been met. For purposes of the government-wide financial statements, the availability criteria is not considered in determining deferred inflows of resources.

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

The various components of deferred inflows of resources reported in the accompanying financial statements were as follows:

|  | Government-Wide<br>Statement of<br>Net Position | Governmental<br>Funds<br>Balance Sheet |
|--|---|--|
| Governmental Funds:                      |   |  |
| General Fund:                            |   |  |
| Property tax receivable                  | \$ 988,448                                      | \$ 1,019,212                           |
| Income tax receivable                    | -   | 2,790,394                              |
| Cable TV franchise fees                  | -   | 118,160                                |
| State shared revenue receivable          |   | 472,601                                |
| Total general fund                       | 988,448   | 4,400,367                              |
| Special Assessment Bond Retirement Fund: |   |  |
| Special assessment receivable            |   | 10,638,331                             |
| Other Governmental Funds:                |   |  |
| Property tax receivable                  | 3,710,132                                       | 3,752,955                              |
| Special assessment receivable            | -   | 15,813                                 |
| State shared revenue receivable          | -   | 933,261                                |
| Intergovernmental revenue receivable     | -   | 32,940                                 |
| Payments in lieu of taxes receivable     | 941,593   | 941,593                                |
| Total other governmental funds           | 4,651,725                                       | 5,676,562                              |
| Total deferred inflows of resources      | \$ 5,640,173                                    | \$ 20,715,260                          |

#### **NOTE 5 - MUNICIPAL COURT**

The Mentor Municipal Court was created by Section 1901.2 of the Ohio Revised Code and has territorial jurisdiction over the City of Mentor and the City of Mentor-on-the-Lake. The Mentor Municipal Court has preliminary hearing jurisdiction in felony cases, original jurisdiction in civil cases when the amount in dispute does not exceed \$15,000, original jurisdiction in traffic and non-traffic misdemeanor cases, and exclusive original jurisdiction in small claims cases.

The collection activities of the Municipal Court are accounted for in a separate Agency Fund in the accompanying basic financial statements. Fines and costs collected by the Municipal Court and related to the City of Mentor are recorded as revenue in the General Fund. The costs associated with the operations of the Municipal Court are borne by the City and recorded in the General Fund. Fines and costs collected for the State of Ohio, subdivisions thereof, and individuals, which have not been disbursed as of year-end, are recognized as liabilities in the Municipal Court Agency Fund.

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

### **NOTE 6 – CAPITAL ASSETS**

*Capital Asset Activity*: Capital asset activity for the year ended December 31, 2017 was as follows:

|   | _                    | alance    |    |         |           |          | _   | Balance           |

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

### NOTE 7 - DEBT

### A. Short Term Obligations

Changes in the City's note activity for the year ended December 31, 2017 were as follows:

|   | Balance<br>January 1,<br>2017 | Additions  | (Reductions)  | Balance<br>December 31,<br>2017 |              |  |
|---|-------------------------------|------------|---------------|---------------------------------|--------------|--|
| 2016 Various Improvement - 2.0%<br>2017 Various Purpose - 2.25% | \$ 1,700,000                  | 265,000    | \$(1,700,000) | \$                              | -<br>265,000 |  |
| Total Notes Payable   | \$ 1,700,000                  | \$ 265,000 | \$(1,700,000) | \$                              | 265,000      |  |

In April 2017, the City issued \$7,500,000 of Various Purpose Bond Anticipation notes with an interest rate of 2.25% maturing January 26, 2018 for the purpose of financing certain capital and infrastructure improvements and to reimburse the City's general fund for \$2,500,000 expended in prior years for the cost of acquiring the real estate formerly known as Springbrook Gardens. \$265,000 of these notes are considered short-term and the remaining \$7,235,000 are considered long term.

### B. Long Term Obligations

A summary of the changes in the debt and other long-term obligations of the City during the year ended December 31, 2017 is as follows:

|                                      | Balance       |                        |                        | Balance               | Due          |
|--------------------------------------|---------------|------------------------|------------------------|-----------------------|--------------|
|                                      | January 1,    |                        |                        | December 31,          | Within One   |
|                                      | 2017          | Additions (Reductions) |                        | 2017                  | Year         |
| Governmental Activities              |               |                        |                        |                       |              |

| OP&F                                 | 40,958,957    |                        | (1,604,932)            | 39,354,025            |              |
| Total Debt and Long-Term Obligations | \$ 93,777,700 | \$ 19,331,367          | <u>\$ (11,172,451)</u> | <u>\$ 101,936,616</u> | \$ 2,349,050 |

During April 2017 the City issued \$7,500,000 of Various Purpose Bond Anticipation Notes dated as of April 26, 2017 with an interest rate of 2.25%. The proceeds were used to finance certain capital and infrastructure improvements and to reimburse the City's general fund for \$2,500,000

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

expended in prior years for the cost of acquiring the real estate formerly known as Springbrook Gardens. The notes were issued for a nine-month period with a due date of January 26, 2018. Although these notes have a term of one year or less, a portion is reported as a long-term obligation as it was refinanced in January 2018 with the issuance of bonds. See Note 16 for additional information.

During November 2017 the City issued \$4,920,000 of Various Purpose Improvement and Refunding Bonds dated as of November 22, 2017 with interest rates varying from 2.0% to 3.0%. The proceeds were used to advance refund \$2,670,000 of the outstanding 2009 bond issue with interest rates from 2.0% to 4.5% and for the development of Springbrook Park. The advanced refunding met the requirements of an insubstance debt defeasance and the bonds were removed from the City's government wide financial statements. The as result of the advance refunding the City had an economic gain of \$45,467.

In a prior year, the City defeased a bond issue by creating a separate irrevocable trust fund. New debt was issued and the proceeds were used to purchase U.S. government securities that were placed in the trust fund. The investments and earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the City's government-wide financial statements. The outstanding balance is \$3,255,000 on December 31, 2017.

During 2007, the City finalized a 20 year, 3.00% interest rate loan through the Ohio Water Development Authority in the amount of \$287,656. The outstanding principal balance at December 31, 2017 is \$143,346. The City also made principal payments on its five existing Ohio Public Works Commission 20 year, 0% loans during 2017. The Chillicothe Road Widening & Resurfacing loan, the Hopkins Road Bridge development loan, the Kellogg Creek Culvert Improvement loan, the Stoneybrook Culvert Improvement loan, and the SR306 Concrete Repair loan have outstanding December 31, 2017 principal amounts of \$12,675, \$176,729, \$20,471, \$37,500 and \$36,498 respectively. During 2017, the City finalized a \$150,000 20 year, 0% interest loan through the Ohio Public Works Commission for the Murray Avenue Storm Sewer Improvement. The outstanding principal amount on that loan is \$146,250 on December 31, 2017.

General obligation bonds will be paid from certain ad valorem taxes and other revenue sources deposited into the debt service fund. The special assessment bonds and loans will be paid from the proceeds of special assessments levied against benefited property owners. In the event property owners would fail to pay the assessment, payment would be made by the City. Compensated absences will be paid from the funds in which the employee is paid.

For governmental funds, compensated absences and net penion liability are generally liquidated by the fund where the corresponding employee's salary and pension expenditure is recorded. See Note 13 for further information regarding net pension liability.

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Bonds payable at December 31, 2017 are comprised of the following issues:

| Governmental Activities Obligations:  | Amount of<br>Original<br>Issuance | Bonds<br>Outstanding<br>December 31,<br>2017 |
|---|-----------------------------------|--|
| General unvoted obligations:  |                                   |  |
| 2009 Various Purpose Bonds due in annual installments ranging from \$130,000 to \$260,000 through 2029 plus interest at rates varying between 2.0% and 4.5% 2011 Various Purpose Bonds due in annual installments     | 3,745,000                         | 185,000                                      |
| ranging from \$175,000 to \$270,000 through 2030 plus   |                                   |  |

Under the Ohio Revised Code, at December 31, 2017, the City legally could issue approximately \$55.5 million of additional, unvoted, general obligation debt.

**Conduit Debt**: From time to time, the City has issued industrial revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from the payments received by the bond trustee on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. The bonds do not constitute a debt or pledge of the faith and credit of the City and, accordingly, have not been reported in the accompanying financial statements.

As of December 31, 2017, there was one series of industrial revenue bonds outstanding. The aggregate principal amount payable for the series was \$0.100 million. The City also acts as a conduit for the Lake County Communities Energy Special Improvement District. As of December 31, 2017 there was one special assessed bond series outstanding with an aggregate principal amount payable of \$2.415 million.

#### **NOTE 8 - COMPLIANCE AND ACCOUNTABILITY**

At December 31, 2017, the Internal Service Fund – Workers Compensation, and the Capital Projects Funds – Amphitheater, Two Town Detention Basin, Murray Avenue Storm, Heisley Road Improvement Phase III, SR306 Resurfacing, US20 Widening and Resurfacing, and SR84 Resurfacing had deficit fund balances of \$1,219,469, \$1,862,425, \$93,906, \$57,537, \$18,092, \$28,632, \$148,642, and \$366,432, respectively. All deficits will be eliminated through transfers or the receipt of grant and bond proceeds during 2018. No other funds had deficit balances as of December 31, 2017.

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

#### **NOTE 9 - RISK MANAGEMENT**

**Self Insurance**: The City is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The City is self-insured for the cost of collision claims resulting from the use of City vehicles, except for fire and rescue vehicles that remain insured through a private insurance company. In accordance with GASB Statement No. 10, claims liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claims that meet these criteria are reported as liabilities in the government-wide statement of net position.

The process of estimating claims liabilities depends on many complex factors, such as inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses, regardless of whether allocated to specific claims. Estimated recoveries from subrogation or otherwise, are another component of the claims liability estimate.

The City's financial activity relating to its self-insured risk is accounted for in the General Fund. Changes in the estimated claims payable for self-insured risk (vehicle collision claims) during the years ended December 31, 2017 and 2016 were as follows:

|  | 2017     | 2016     |  |  |
|--|----------|----------|--|--|
| Estimated claims payable, January 1          | \$ -     | \$ -     |  |  |
| Current year claims and changes in estimates | 43,020   | 38,540   |  |  |
| Claim payments                               | (43,020) | (38,540) |  |  |
| Estimated claims payable, December 31        | \$ -     | \$ -     |  |  |

**Insurance**: The City purchases insurance policies in varying amounts for general liability, property damage, and law enforcement and public officials' liability, including errors and omissions of the City's safety forces. Otherwise, the City is generally self-insured. Included in the coverage is an excess umbrella liability limit of \$10 million for each occurrence and annual aggregate. The City contracts with several different insurance companies, with either excellent or superior ratings. No material losses, including incurred but not reported losses, occurred in 2017. There was no significant decrease in any insurance coverages in 2017. In addition, there were no insurance settlements in excess of insurance coverage during the past three fiscal years.

The City has established a formal self-insurance program for liabilities arising from the City's participation in the Workers' Compensation Retrospective Rating Plan. This exposure is accounted for in the Workers Compensation Internal Service Fund, which is responsible for collecting interfund premiums from other City funds and departments, paying claim settlements, and purchasing other specified insurance policies.

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

The claims liability of \$3,865,000 reported in the fund at December 31, 2017, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claim, be reported. Changes in the fund's claims liability amount in 2016 and 2017 were as follows:

|                   |    |            | Curren   | t Year Claims |         |             |            |           |  |  |
|-------------------|----|------------|----------|---------------|---------|-------------|------------|-----------|--|--|
|                   | Е  | Balance at | and      | Changes in    |         | Claim       | Balance at |           |  |  |
| Beginning of Year |    | E          | stimates | P             | ayments | End of Year |            |           |  |  |
|                   |    |            |          | _             |         |             |            |           |  |  |
| 2016              | \$ | 4,383,000  | \$       | 47,322        | \$      | 717,322     | \$         | 3,713,000 |  |  |
| 2017              |    | 3,713,000  |          | 921,785       |         | 769,785     |            | 3,865,000 |  |  |

In 2016, the City established a formal self-insurance program for its employer provided medical coverage to its employees. Previously, coverage was provided through commercial insurance provided by two different insurers. Activity is accounted for in the Self-Insurance Internal Service Fund, which is responsible for collecting all claims and fees, and other transactions affecting net position. Changes in the fund's claims liability amount in 2016 and 2017 were as follows:

|      |                   |           | Curre | nt Year Claims |              |             |         |  |

|      | Beginning of Year |           | E     | Estimates      | Payments     | End of Year |         |  |
|      |                   |           |       |                |              |             | _       |  |
| 2016 | \$                | -         | \$    | 4,010,242      | \$ 3,869,298 | \$          | 140,944 |  |
| 2017 |                   | 140,944   |       | 5,068,827      | 5,070,643    |             | 139,128 |  |

#### **NOTE 10 – CONTINGENCIES**

The City participates in certain federally-assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. The amount, if any, of expenditures which may be disallowed by the granting agencies should an audit be performed cannot be determined at this time, although the City expects any disallowance would be immaterial.

In addition, there are certain pending lawsuits in which the City is involved. The City's management, after consultation with the City's Law Director, is of the opinion that potential uninsured claims against the City are not material to the City's basic financial statements.

#### NOTE 11 - INTERFUND TRANSACTIONS AND BALANCES

*Interfund Transactions*: During the course of normal operations, the City records numerous transactions between funds including expenditures and transfers of resources to provide services, subsidize operations, and service debt. The City has the following types of transactions among funds:

1. Nonreciprocal interfund transfers – Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes transfers to subsidize various funds.

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

2. Nonreciprocal interfund reimbursements – Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

For the year ended December 31, 2017 transfers (\$471,182 related to debt, \$299,963 related to grants, and \$545,144 related to fund closeouts) consisted of the following:

|                           |    |             | Transfers In |                  |    |                    |             |           |  |  |

| Total                     | \$ | (1,666,288) | \$           | 1,316,288        | \$ | 350,000            | <b>\$</b> 1 | 1,666,288 |  |  |

Interfund balances: Interfund balances at December 31, 2017 represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records, and (3) payments between funds are made. All are expected to be paid within one year with the exception of an interfund loan from the General Obligation Bond Retirement Fund to the TIF Fund. In 2010, the City issued an internal treasury bond in the amount of \$346,862 for the cost of constructing Sterling Court. The interfund loan will be reimbursed through the transfer of available TIF funds over a 20 year period.

Interfund receivable and payable balances as of December 31, 2017 are as follows:

|                     |    |                          | Payable Fund |                   |    |            |      |           |  |  |

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

#### **NOTE 12 – TAXES**

Income Taxes – A two percent City income tax is levied on substantially all income earned within the City. On March 6, 2012, the two percent income tax was renewed by the voters for a five year period through December 31, 2017. On March 15, 2016, the two percent income tax was renewed by the voters for an indefinite period, without an expiration date. In addition, the residents of the City are required to pay City income tax on income they earn outside the City; however, full credit is allowed for all income taxes these residents pay to other municipalities. Employers within the City are required to withhold income tax on employee compensation and remit the tax to an intermediary collection agency (Regional Income Tax Agency) at least quarterly. Corporations and self-employed individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually with the collection agency. The collection agency remits taxes collected for the City each month, net of a charge for the cost of services and a credit for interest earned on amounts collected between remittances.

**Property Taxes** – Property taxes include amounts levied against all real and public utility property located in the City. Taxes collected from real property (other than public utility) in one calendar year are levied in October of the preceding calendar year on assessed values as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revalued by appraisal every six years and, three years after each revaluation, all property values are reviewed and revised, as necessary, as part of a triennial update based on recent sales of properties. The last revaluation was completed in 2015. Real property taxes are payable annually or semi-annually. If paid annually, payment is due February 19; if paid semiannually, the first payment is due January 20, with the remainder payable July 17. In certain instances, State statute permits earlier or later payment dates to be established.

Public utility real and tangible personal property taxes collected in one calendar year are levied in October of the preceding calendar year on assessed values determined as of December 31 of that preceding year, the lien date.

The County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Mentor. The County Auditor periodically remits to the City its portion of taxes collected with final settlement in June and December for taxes payable in the first and second halves of the year, respectively.

The assessed value upon which the 2016 levy (collected in 2017) was approximately \$1.4 billion. Ohio law limits unvoted property taxation, combined for all overlapping taxing authorities, to 10 mills. The City's current share of the unvoted property tax is 3 mills of assessed value, and the City's total property tax levy, including all voted levies is 4.50 mills of assessed value.

#### **NOTE 13 – DEFINED BENEFIT PENSION PLANS**

### Net Pension Liability

The net position liability/(asset) reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services.

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Pensions are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the City's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earning on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City's obligation for this liability to annually require payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual basis of accounting.

#### Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <a href="https://www.opers.org/financial/reports.shtml">https://www.opers.org/financial/reports.shtml</a>, by writing to the Ohio Public

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS' CAFR referenced above for additional information):

| Group A  Eligible to retire prior to January 7, | Group B 20 years of service credit prior to                           | Group C  Members not in other Groups and  |
|---|---|---|
| 2013 or five years after January 7, 2013        | January 7, 2013 or eligible to retire ten years after January 7, 2013 | members hired on or after January 7, 2013 |
| State and Local                                 | State and Local   | State and Local                           |

Age and Service Requirements:

Age 60 with 60 months of service

credit or Age 55 with 25 years of

### Age and Service Requirements: Age 60 within 60 months of service credit or Age 55 with 25 years of service credit.

### Formula: 2.2% of FAS multiplied by years of 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30.

### service credit.

Formula:

service for the first 30 years and 2.5% for service years in excess of 30.

#### Age and Service Requirements:

Age 57 with 25 years of service credit or Age 62 with 5 years of service credit.

### Formula:

2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35.

Final Average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013 COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy – The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

|   | State and<br>Local |
|---|--------------------|
| 2017 Statutory Maximum Contribution Rates | Local              |
| •   |                    |
| Employer                                  | 14.0%              |
| Employee                                  | 10.0%              |
|   |                    |
| 2016 Actual Contribution Rates            |                    |
| Employer:                                 |                    |
| Pension                                   | 13.0%              |
| Post employment Health Care Benefits      | <u>1.0%</u>        |
| Total Employer                            | <u>14.0%</u>       |

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contributions was \$1,869,741 for 2017. Of this amount, \$40,669 is reported as an intergovernmental payable.

#### Plan Description – Ohio Police & Fire Pension Fund (OPF)

Plan Description – City full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OPF), a cost-sharing, multiple-employer defined benefit pension plan administered by OPF. OPF provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OPF issues a publicly available finance report that includes financial and required supplementary information and detailed information about OPF fiduciary net position. The report may be obtained by visiting the OPF website at <a href="https://www.op-f.org">www.op-f.org</a> or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OPF may retire and receive a lifetime monthly pension. OPF offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit.

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Under normal service retirement, retired members who are at least 55 years old and have been receiving OPF benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors. Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either three percent or the percent increase, if any, in the consumer price index (CPI) over the 12-month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013 is equal to three percent of their base pension or disability benefit.

Funding Policy – The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

|  | Police                                  | Firefighters                            |
|--|---|---|
| <b>2017 Statutory Maximum Contribution Rates</b> Employer Employee | 19.50%<br>12.25%                        | 24.00%<br>12.25%                        |
| 2017 Actual Contribution Rates Employer:                           |   |   |
| Pension Post-employment Health Care Benefits Total Employer        | 19.00%<br><u>0.50%</u><br><u>19.50%</u> | 23.50%<br><u>0.50%</u><br><u>24.00%</u> |
| Employee   | 12.25%                                  | 12.25%                                  |

Employer contribution rates are expressed as a percentage of covered payroll. The City's contractually required contribution to OPF was \$2,871,041 for 2017. Of this amount, \$55,343 is reported as an intergovernmental payable.

### Pension Liabilities, Pension Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OPF's total pension liability was measured as of December 31, 2016, and was determined by rolling forward the total pension liability as of January 1, 2016, to December 31, 2016. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

| Total                    | \$ 7,142,035 | \$ 1,673,223 | \$ 1,713,404 | \$ 10,528,662 |

### Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation
Future Salary Increases, including inflation
COLA or Ad Hoc COLA

Investment Rate of Return Actuarial Cost Method 3.25 percent
3.25 to 10.75 percent including wage inflation
Pre 1/7/2013 retirees; 3 percent, simple
Post 1/7/2013 retirees; 3 percent, simple
through 2018, then 2.15% simple
7.5 percent
Individual Entry Age

The total pension asset in the December 31, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation Future Salary Increases, including inflation COLA or Ad Hoc COLA

Investment Rate of Return Actuarial Cost Method

3.25 percent
3.25 to 8.25 percent including wage inflation
Pre 1/7/2013 retirees; 3 percent, simple
Post 1/7/2013 retirees; 3 percent, simple
through 2018, then 2.15% simple
7.5 percent
Individual Entry Age

Mortality rates were based on the RP-2014 Health Annuitant Mortality table. For males, Health Annuitant Mortality tables were used, adjusted for mortality improvement back to the observant

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

period base of 2006 and then established the base year as 2015. For females, the Health Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term rate of return on defined benefit assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the 401(h) Health Care Trust portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The 401(h) Health Care Trust portfolio was closed as of June 30, 2016 and the net position transferred to the 115 Health Care Trust portfolio on July 1, 2016. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, and the annuitized accounts of the Member-Directed Plan. The Defined Benefit portfolio historically included the assets of the Member-Directed retiree medical accounts funded through the VEBA Trust. However, the VEBA Trust was closed as of June 30, 2016. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio is 8.3 percent for 2016.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2016 and the long-term expected real rates of return:

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

|                        |                | Long Term           |
|------------------------|----------------|---------------------|

| Real Estate            | 10.00          | 4.75                |
| Private Equity         | 10.00          | 8.97                |
| International Equities | 18.30          | 7.95                |
| Other Investments      | 18.00          | 4.92                |
| Total                  | <u>100.00%</u> | <u>5.66%</u>        |

**Discount Rate** - The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following table represents the City's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.5 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.5 percent) or one-percentage-point higher (8.5 percent) than the current rate:

|                                   |         |         |     | Current     |     |           |
|-----------------------------------|---------|---------|-----|-------------|-----|-----------|
| City's proportionate share of     | 1% De   | ecrease | Dis | scount Rate | 1%  | Increase  |
| the net pension liability/(asset) | (6.5    | 50%)    |     | (7.50%)     | (   | 8.50%)    |
| Traditional Pension Plan          | \$ 37,5 | 562,763 | \$  | 24,587,411  | \$1 | 3,774,746 |
| Combined Plan                     | \$      | 1,652   | \$  | (22,987)    | \$  | (42,128)  |

#### Actuarial Assumptions - OPF

OPF's total pension liability as of December 31, 2016 is based on the results of an actuarial valuation date of January 1, 2016, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OPF's actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimated of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of January 1, 2016, are presented below:

Valuation Date

Actuarial Cost Method

Investment Rate of Return

Projected Salary Increases

Payroll Increases

Inflation Assumptions

Cost of Living Adjustments

January 1, 2016

Entry Age Normal

8.25 percent

4.25 percent to 11 percent

3.75 percent

3.25 percent

2.60 percent and 3.00 percent

Rates of death are based on the RP2000 Combined Table, age-adjusted as follows. For active members, set back six years. For disability retirements, set forward five years for police and three years for firefighters. For service retirements, set back zero years for police and two years for firefighters. For beneficiaries, set back zero years. The rates are applied on a fully generational basis, with a base year of 2009, using mortality improvement Scale AA.

The most recent experience study was completed January 1, 2012.

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. Best estimates of the long-term expected geometric real rates of return for each major asset class included in OPF's target asset allocation as of December 31, 2016 are summarized below:

|                             | Target     | 10 year Expected      | 30 year Expected      |
|-----------------------------|------------|-----------------------|-----------------------|
| Asset Class                 | Allocation | Real Rate of Return** | Real Rate of Return** |
|                             |            |                       |                       |
| Cash and Cash Equivalents   | 0.00%      |                       |                       |
| Domestic Equity             | 16.00      | 4.46%                 | 5.21%                 |
| Non-US Equity               | 16.00      | 4.66                  | 5.4                   |
| Core Fixed Income*          | 20.00      | 1.67                  | 2.37                  |
| Global Inflation Protected* | 20.00      | 0.49                  | 2.33                  |
| High Yield                  | 15.00      | 3.33                  | 4.48                  |
| Real Estate                 | 12.00      | 4.71                  | 5.65                  |
| Private Markets             | 8.00       | 7.31                  | 7.99                  |

| Master Limited Partnerships | 8.00       | 6.92                  | 7.36                  |
| Total                       | 120.00%    |                       |                       |

<sup>\*</sup> levered 2x

OPF's Board of Trustees has incorporated the "risk parity" concept into OPF's asset liability valuation with the goal of reducing equity risk exposure, which reduced overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship

<sup>\*\*</sup>numbers are net of expected inflation

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

**Discount Rate** – The total pension liability was calculated using the discount rate of 8.25 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 8.25 percent. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.25 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.25 percent), or one percentage point higher (9.25 percent) than the current rate.

|   | 1% Decrease<br>(7.25%) | Current Discount Rate (8.25%) | 1% Increase<br>(9.25%) |
|---|------------------------|-------------------------------|------------------------|
| City's proportionate share of the net pension liability | \$ 52,414,897          | \$ 39,354,025                 | \$ 28,284,758          |

Changes Between Measurement Date and Report Date In October 2017, the OP&F Board adopted certain assumption changes which will impact their annual actuarial valuation prepared as of January 1, 2017. The most significant change is a reduction in the discount rate from 8.25 percent to 8 percent. Although the exact amount of these changes is not known, it has the potential to impact the City's net pension liability.

#### **NOTE 14 – OTHER POSTEMPLOYMENT BENEFITS**

Ohio Public Employees Retirement System: OPERS maintains two cost-sharing, multiple-employer defined benefit post-employment health care trusts, which fund multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including OPERS sponsored health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 20 or more years of qualifying Ohio service credit.

Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

Employment Benefit (OPEB) as described in GASB Statement 45. Please see the Plan Statement in the OPERS 2014 CAFR for details. The Ohio Revised Code permits, but does not require, OPERS to provide healthcare to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting https://www.opers.org/financial/reports.shtml#CAFR, by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 800-222-7377.

The Ohio Revised Code provides statutory authority requiring public employers to fund health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2017, State and Local employers contributed at a rate of 14.0 percent of earnable salary. This is the maximum employer contribution rate permitted by the Ohio Revised Code. Active member contributions do not fund health care.

OPERS maintains three health care trusts. The two cost-sharing, multiple=employers trusts, the 401(h) Health Care Trust and the 115 Health Care Trust, work together to provide health care funding to eligible retirees of the Traditional Pension and Combined Plans. The third trust is a Voluntary Employee's Beneficiary Association (VEBA) that provides funding for a Retiree Medical Account for Member-Directed Plan Members.

Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside to fund health care plans.

The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 1.0 percent during calendar year 2017. The City's approximated contributions which were used to fund health care were \$148,857 for 2017, \$293,825 for 2016, and \$293,376 for 2015. 92.4 percent was contributed in 2017 and the full amount has been contributed in 2016 and 2015. The Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The employer contribution as a percentage of covered payroll deposited to the VEBA for participants in the Member-Directed Plan for 2017 was 4.5%.

Ohio Police and Fire Pension Fund: The City of Mentor contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing, multiple employer defined post-employment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement No. 45.

### NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, OH 43215-5164. That report is also available on OP&F's website at www.op-f.org.

The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50 percent and 24.00 percent of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50 percent of the covered payroll for police employer units and 24.00 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB plan.

OP&F maintains funds for health care in two separate accounts: one for health care benefits under an IRS Code Section 115 trust and the other for Medicare Part B reimbursements administered under the Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. The portion of employer contributions allocated to health care was .5 percent of covered payroll from January 1, 2017 thru December 31, 2017. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Section 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F's healthcare plan for the years ending December 31, 2017, 2016, and 2015, were \$36,055, \$35,909, and \$35,536, respectively, for police and \$31,769, \$31,125, and \$30,018, respectively, for firefighters. 92.8 percent was contributed in 2017 for fire, and 92.5 percent was contributed in 2017 for police. The full amount has been contributed in 2016 and 2015 for both fire and police.

Social Security: Effective in August of 1992, all newly hired part-time firefighters were no longer eligible to be members of the OPERS retirement system. The part-time firefighters hired after this time contribute to social security, with a contribution rate of 6.2 percent.

# NOTES TO THE BASIC FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2017

#### **NOTE 15 – TAX ABATEMENT DISCLOSURES**

As of December 31, 2017, the City of Mentor provided tax incentives under two programs: The Community Reinvestment Area (CRA) and the Mentor Incentive Tax Credit program.

Real Estate tax abatements: Pursuant to Ohio Revised Code Chapter 3735.65-.70, the City established its first Community Reinvestment Area in 1984 with amendments in 1987, 1988 and 2015. A second CRA was created in 1988 encompassing the area of the Great Lakes Mall. Both CRAs provide for administratively-approved applications for a five-year duration at 100%. A third CRA was created in 2010 under ORC 5709 for the Old Village area. City Council authorizes the property tax abatement through passage of a public ordinance, based upon each business' investment criteria, and through a contractual application process with each business including proof that the improvements have been made. The abatement equals an agreed-upon percentage of the additional property tax resulting from the increase in assessed value as a result of the improvements. The establishment of the Community Reinvestment area gave the City the ability to maintain and expand businesses located in the City and created new jobs by abating assessed valuation of properties, from new or improved commercial or industrial real estate. The City of Mentor would contract with the Mentor Exempted School District for payments in lieu of taxes when required by Section 5709.82 of the Ohio Revised Code. The total amount of taxes abated (for the five-year period ending December 31, 2017) equals \$201,382.

**Income tax abatement programs:** Pursuant to Ohio Revised Code Chapter 718 and City ordinance, the City provides an incentive to eligible companies based upon their gross annual payroll, the amount of income tax generated annually and the number of jobs created or retained by the business. The abatement is administered as a refundable credit against the municipal income tax liability based upon the company's payroll taxes. Also, the time period of the incentive in years, is determined by how many new jobs are to be created by the company. For the calendar year ended December 31, 2017, the total amount of taxes abated through this program equaled \$634,000.

### **NOTE 16 - SUBSEQUENT EVENTS**

In January 2018, the City issued \$9,805,000 of General Obligation Bonds for the purpose of financing certain capital and infrastructure improvements and to reimburse the City's general fund for \$2,500,000 expended in prior years for the cost of acquiring the real estate formerly known as Springbrook Gardens. The City does not anticipate issuing any additional debt in 2018 beyond the \$9,805,000.

# REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF THE CITY'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM LAST FOUR YEARS

<sup>[1] –</sup> The portion of the City's contributions to fund pension obligations from January 1, 2013 thru May 31, 2013, for both police officers and firefighters was 14.81 percent and 19.31 percent, respectively. The portion of the City's contributions to fund pension obligations from June 1, 2013 thru December 31, 2013 for both police officers and firefighters was 16.65 percent and 21.15 percent, respectively.

# NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION YEAR ENDED DECEMBER 31, 2017

#### OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

**Changes in benefit terms:** There were no changes in benefit terms from the amounts reported for 2014-2017.

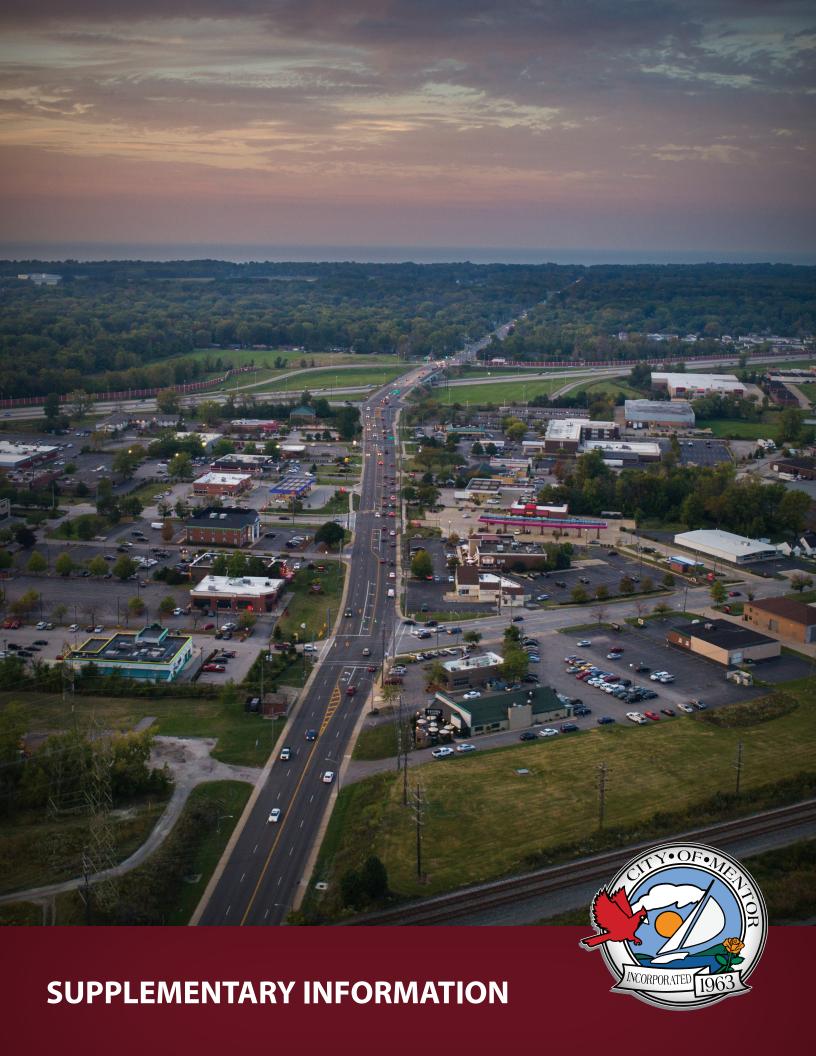

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016. For 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected investment return was reduced from 8.00% to 7.50%, (b) the expected long-term average wage inflation rate was reduced from 3.75% to 3.25%, (c) the expected long-term average price inflation rate was reduced from 3.00% to 2.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality rates were updated to the RP-2014 Health Annuitant Mortality Table, adjusted for mortality improvement back to the observant period base year of 2006 and then established the base year as 2015 (f) mortality rates used in evaluating disability allowances were updated to the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and a base year of 2015 for males and 2010 for remales (g) Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

### OHIO POLICE AND FIRE (OP&F) PENSION FUND

**Changes in benefit terms:** There were no changes in benefit terms from the amounts reported for 2014-2017.

**Changes in assumptions:** There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2017. See the notes to the basic financial statements for the methods and assumptions in this calculation.

# CITY OF MENTOR, OHIO NONMAJOR GOVERNMENTAL FUNDS

#### SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are restricted or committed to expenditures for particular purposes. The City's special revenue funds are described below:

Street Fund Required by the Ohio Revised Code to account for that

portion of the motor vehicle registration fees and state gasoline tax restricted for the construction, maintenance, and repairs of streets and highways.

TIF Fund To account for the monies received through tax

increment financing to finance the construction of public infrastructure improvements which will benefit new

commercial and industrial development.

Police Pension Fund

To accumulate property taxes levied toward partial

payment of the current liability for police disability and

pension benefits.

Fire Pension Fund To accumulate property taxes levied toward partial

payment of the current liability for fire fighters' disability

and pension benefits.

Fire Levy Fund

To accumulate property taxes levied for the purpose of
