

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Mentor uses the small amount of CDBG funding it receives to maintain it's housing stock through the Single Family Housing Rehabilitation Program, assist public service providers to the limits established by regulation, and to assist in removing architectural barriers for handicapped persons.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The largest activity in the FY2017 program year includes \$81,870 committed to the Single Family Housing Rehabilitation Program and one of the next largest activities is \$14,799 to install handicap accessible curb ramps. The next largest expenditure will be \$17,172 allocated towards administration expenses and \$15,292 to the Fair Housing Resource Center for Fair Housing related services for City of Mentor residents, both administrative activities combined equal \$32,464 and meet the 20% allowed by regulation. Public Service activities will utilize \$21,843 which is \$2,505 less than the 15% maximum allowed by regulation. Other funded activities include \$1,480 awarded to Extended Housing for assistance in building renovations for a building that serves the housing requirements for special needs clients. Mentor Economic Assistance Corporation, a non-profit specializing in small business loans was awarded \$9,866 to fund the Small Business Loan Fund.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Mentor continues to use a significant portion of its grant in support of the Single Family Housing Program which maintains the housing stock for low and moderate income homeowners in the city. Almost half, \$15,292 of allowable Program Administration funds support the programs at the Fair Housing Resource Center which help city residents with fair housing issues. Nearly the maximum amount permitted by regulation is allocated toward various public service agencies serving city residents. In some years past the City has funded job creation activities through a small business loan fund and this activity was funded this year with \$9,866. Each year the City attempts to further reduce

architectural barriers for handicapped persons and it has been successful in installing handicapped sidewalk ramps and last year a handicapped accessible restroom at a city owned pool. The City has used this basic framework throughout its participation with the CDBG program with only small changes due to qualified partners entering or exiting various activities. The City consistently utilizes near 100% of grant funds to assisting LMI persons.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Two Public Hearings are specifically held each year in preparation for the Annual Action Plan. The first notice informing the public that applications were available and program questions would be answered was published on March 28, 2017 for a meeting incorrectly identified in the ad for March 31, 2017, the meeting was scheduled for April 14, 2017 as a result of the mis-print meetings were made available to the public both days. No one attended either meeting and no calls were received regarding the meeting. The next notice, a combined notice of final budget and reprogramming of funds, was published June 9, 2017 for the purpose of informing citizens of funding made available for the proposed activities. As a result of the delay by Congress in approving a budget it was decided to advertise using last year's grant amount with the caveat that any change in funding would result in the percentage change being applied across the entire budget. That change was around a 3% decrease and that number was applied to every line in the budget equally. That meeting was held June 23, 2017 to discuss those activities and comments on the reprogramming were received until June 14, 2016. No citizens attended any meeting and no comments were received.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

No citizens attended any meeting nor were any public comments were received.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comments were received therefore no comments were rejected.

7. Summary

The City of Mentor has been consistent in its useage of CDBG funding with nearly 100% of funding utilized to assist low-to-moderate income individuals and families maintain housing, have access to necessary public services and remove achitectural barriers.

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	MENTOR	Planning and Development Department

Table 1 – Responsible Agencies

Narrative (optional)

The City of Mentor is the lead agency involved in the creation of this Action Plan.

Consolidated Plan Public Contact Information

Primary point of contact for all Consolidated and Action Plan information is:

City of Mentor

Department of Economic and Community Development

ATTN: Tom O'Hara

8500 Civic Center Blvd.

Mentor, OH 44060

440-974-5740

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Mentor is in contact with all essential public service organizations operating in the Block Grant arena within the City and Lake County. The number of public service agencies is small and relatively unchanging and therefore easily manageable. All local public service agencies were personally requested to make FY2017 applications for funding assistance. The scope of activities funded in this Action Plan are nearly identical as in previous years. In some years more building projects are undertaken, in others funding for small business loan programs are given higher priority. The overall level of grant funding being received by the City dictates this approach in that the City can not every year fund these activities. In this Action Plan the installation of handicapped crosswalk ramps and the Small Business Loan Fund have been approved.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City has no public housing units within its boundaries, however Lake Metropolitan Housing Authority is aware that the city will assist to whatever degree our funding will allow. The City does support the activities of Project Hope which is the only homeless shelter in Lake County. The City also supports Forbes House, Lake County's only shelter for domestic violence. Extended Housing an organization that provides housing for persons with severe and persistent mental health issues has been funded to assist with building renovations.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City's efforts to meet the goal of reducing homelessness is incorporated within its activities with Project Hope, Extended Housing and Forbes House.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City does not receive ESG funding.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Table 2 – Agencies, groups, organizations who participated

1	Agency/Group/Organization	Extended Housing Inc.
	Agency/Group/Organization Type	Housing Services-Persons with Disabilities
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Telephone consultation. Outcome is improved participation with the City of Mentor.

Identify any Agency Types not consulted and provide rationale for not consulting

All agencies were invited to participate and submit applications for assistance.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Lake County Continuum of Care	Support of homelessness.

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

No narrative.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City advertised two public hearings for the FY2017 Action Plan on two separate occasions in the local newspaper. In reality because of a typographical error with regards to the first meeting date three meetings were held. In addition the public is also afforded the opportunity to comment on the plan when it is approved by City Council. No citizen attended any meeting and no comments were made in any public forum or received in any other fashion.

Citizen Participation Outreach

Sort Order	Mode of Outreach	Target of Outreach	Summary of response/attendance	Summary of comments received	Summary of comments not accepted and reasons	URL (If applicable)

Table 4 – Citizen Participation Outreach

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The only anticipated or expected resources to be used in the accomplishment of this plan are those provided by the grant, FY2017 grant funding is anticipated to be \$162,322.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	162,322	0	0	162,322	168,000	Estimated resources available to complete the Consolidated Plan is 168,000 for the remaining year of the Consolidated plan.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how

matching requirements will be satisfied

The City of Mentor's allocation under the CDBG program is not used or is adequate to leverage any other additional resources.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

There is no publically owned land or property that can be used to address the needs of the plan.

Discussion

No discussion.

Annual Goals and Objectives

Goal Descriptions

1	Goal Name	Single Family Housing Rehabilitation program
	Goal Description	Single Family Housing Rehabilitation program is proposing to assist 12 - 15 LMI families with housing rehabilitation services. These goals are not geographically specific.
2	Goal Name	Project Hope
	Goal Description	Up to 40 persons will be provided with overnight shelter. These goals are not geographically specific.
3	Goal Name	Forbes House
	Goal Description	Up to 205 persons suffering domestic violence will be provided shelter or services. These goals are not geographically specific.
5	Goal Name	Lake County Free Clinic
	Goal Description	Up to 321 LMI persons will be provided medical clinics. These goals are not geographically specific.
6	Goal Name	Lake County Free Clinic - Dental
	Goal Description	Up to 26 LMI persons will be provided dental services. These goals are not geographically specific.
7	Goal Name	Special Elders program
	Goal Description	Programs and services will be provided for persons 80years of age or older who are presumed to be LMI. These goals are not geographically specific.

8	Goal Name	211 Call Center
	Goal Description	The 211 Call Center will direct up to 5,000 persons to appropriate services. These goals are not geographically specific.
10	Goal Name	Fair Housing Resource Center
	Goal Description	Fair housing services and counseling will be provided for up to 200 LMI persons. These goals are not geographically specific.

Projects

AP-35 Projects – 91.220(d)

Introduction

Four Project level activities will be undertaken in FY2017. Administration of the program including support to the Fair Housing Resource Center for fair housing compliance; Public Services support to five organizations undertaking six activities. Program administration including fair housing is capped at 20% of grant funding which totals \$32,464. Public services funding is limited to 15% the total this year is \$21,843 just shy of the maximum allowed. Project level Building Activities includes the Single Family Housing Rehabilitation Program funded at \$81,870. Support to Extended Housing, a provider of housing to mentally handicapped persons is \$1,480 to support a major renovation effort to their main building which serves special needs clients, MEACO, Mentor Economic Assistance has been awarded \$9,866 to support the Small Business Loan Fund and finally the Sidewalk program will receive \$14,799 for the installation of handicapped sidewalk ramps.

Projects

#	Project Name
1	1 Administration
2	2 Public Services
3	3 Projects

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The Single Family Housing Rehabilitation Program activity receives the most funding of any activity as this was the activity found in the Consolidated Plan to be the greatest priority. Making the community handicapped accessible was also a significant priority and the installation of handicapped sidewalk ramps meets this need. The activity entitled Fair Housing Resource Center is the City's attempt to meet its fair housing obligations within its limited budget and represents a little less than half of allowable admin funds. Public services are funded to almost the maximum allowed and are allocated to those organizations that have been successful and have made application to the program.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Mentor does not utilize geography to determine allocation priorities. The City of Mentor municipal boundaries and its residents requesting assistance through public service agencies located outside those boundaries establish where assistance is directed. The City is mindful of providing assistance to public service agencies serving city residents and tries to equitably distribute those limited public service funds accordingly.

Geographic Distribution

Target Area	Percentage of Funds

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Allocation priorities are not determined geographically.

Discussion

Allocation priorities are based individuals requesting assistance under the Single Family Housing Rehabilitation Program and also public service agencies submitting applications for assistance.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Given the restrictions created by the available funding and regulatory limits and locating suitable partners the City chooses to maintain the housing stock and thereby reducing housing cost burdens for existing homeowners as the most viable approach to affordable housing. Beyond that Project Hope (homeless shelter); Forbes House (domestic violence shelter); and Extended Housing (housing for persons with severe mental health problems) are the vehicles for housing at risk persons where the City can place its limited resources to best use.

One Year Goals for the Number of Households to be Supported	
Homeless	50
Non-Homeless	12
Special-Needs	0
Total	62

Table 9 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households Supported Through	
Rental Assistance	0
The Production of New Units	0
Rehab of Existing Units	12
Acquisition of Existing Units	0
Total	12

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

Total available grant funds have been averaging about \$160,000 per year, in FY2017 that amount is \$162,322. Regulatory limits on assistance to Public Service organizations limits the amount to \$24,348 and administrative activities including Fair Housing to \$32,464 for a city of just under 50,000 persons where none of the public service organizations are located makes the equitable allocation of resources challenging. Coupled with national and Consolidated Plan goals and limited viable partners to carry out such goals creates a condition where not every worthy organization or activity can be funded every year nor funded at a level that justifies public service organization staff reporting burdens. Given all these constraints the City of Mentor is justifiably proud of its accomplishments and the fact that on average over 90% of funding directly assists low-to-moderate income individuals and families both in housing and services.

AP-60 Public Housing – 91.220(h)

Introduction

The City of Mentor does not have any public housing units within its boundaries.

Actions planned during the next year to address the needs to public housing

No actions are planned.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

No actions are planned.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not Applicable.

Discussion

The City of Mentor does not have any public housing units within its boundaries.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Housing for special needs is the primary concern of the organization known as Extended Housing. They operate at the County level although they do operate one unit within the City of Mentor. That organization has been assisted with minimum funding for the past two years and will be funded again in this Action Plan. Direct intervention with the Homeless population in Lake County is the purview of Project Hope which is Lake County's only homeless shelter. That organization has been continually funded throughout the City of Mentor's participation in the CDBG program, and they will again be funded in FY2017.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City will continue to assist the Lake County Continuum of Care, and specifically Project Hope and Extended Housing as requested.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency shelter is provided by Project Hope and Forbes House both of which have been funded in FY2017. A suitable partner has not been found for the transitional housing needs in the community.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City will continue to work with the Lake County Continuum of Care when requested and provide funding within regulatory restrictions for organizations seeking funding for appropriate activities to address these issues.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving

assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

see above

Discussion

The extremely limited funding available for public service organizations is only \$24,348 in FY2017. Attempting to equitably divide that number between 6-8 public service organizations providing multiple programs and activities and still meet the national goals and local Consolidated Plan goals is a considerable challenge for the City.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Market forces driving suburban-style development in Mentor will continue to make affordability a challenge for all buyers at all levels in the housing market. Development fees in Mentor continue to remain reasonable and have always been affordable and are not a burden to development. Mentor is nearly built-out and most current development has occurred in one of two developments where the expense of that development has priced these areas out-of-the-reach of a majority of first-time home buyers. As Mentor's market forces continue to develop the remaining residential land with higher-end developments the demand for such units will continue to force prices upward.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

No actions are planned in the coming twelve months.

Discussion:

No further discussion.

AP-85 Other Actions – 91.220(k)

Introduction:

The actions planned to address obstacles to meet the underserved needs of the residents in the jurisdiction are to continually discuss needs with both funded and unfunded social service organizations and to encourage participation of those organizations in the grant process and to help fund viable activities and programs that meet those needs, especially in the areas of affordable housing. The level of funding available to the city is clearly a deficit in promoting programs that meet all the expectations and goals at the national level and the city will continue to be available to the Lake County Continuum of Care as that organization becomes more adept in its role of working with those appropriate social service organizations.

Actions planned to address obstacles to meeting underserved needs

see above

Actions planned to foster and maintain affordable housing

see above

Actions planned to reduce lead-based paint hazards

The City's Single Family Housing Rehabilitation program is the primary vehicle for accessing and remediating lead-based paint hazards as specific projects are undertaken that may expose and disturb those surfaces.

Actions planned to reduce the number of poverty-level families

The City will continue to work as requested with the Continuum of Care on addressing this issue with the limited funds available.

Actions planned to develop institutional structure

Institutional structure will continue to be enhanced as training opportunities become available.

Actions planned to enhance coordination between public and private housing and social

service agencies

The City is continually searching out viable partners to work with and assist in the housing sector.

Discussion:

The City is severely limited in being able to move forward on some of the larger national issues as the funding level is not adequate to have an impact when funding is equitably dispersed. Another issue that has always been in play is the availability of viable partners to undertake specific goals such as transitional housing. And finally the allocation of available funding in relation to addressing issues identified in our Consolidated Plan which identifies Housing Cost burdens as the highest priority means that some other issues may not be addressed each year.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction:

No program income can be expected to be received that would exceed \$24,999 in any program year. The City has no Section 108 loans or Urban Renewal settlements. The City does not have any Float funded activities or Urgent Need activities. The percentage of CDBG funds to benefit LMI persons is nearly 100% of grant funds, less the \$17,172 retained for strictly Administrative activities.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	90.00%

COMBINED NOTICE: CITY OF MENTOR COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM PUBLIC HEARING FOR FY2017 APPLICATIONS AVAILABLE AND REPROGRAMMING OF FUNDS NOTICE

Notice is hereby given that the City of Mentor will hold a Public Hearing, the purpose of which is to distribute FY2017 Grant Applications and inform citizens and public service providers regarding the Community Development Block Grant (CDBG) program which is made available to the City from the U.S. Department of Housing and Urban Development and also to notify citizens regarding the reprogramming of previously unspent CDBG funds.

The Public Hearing will provide an opportunity for citizen input and comments to be received regarding the City's community development needs and priorities for the use of CDBG funds. FY2017 Grant Applications will be available and information concerning eligible and ineligible activities and uses of Grant funding will be discussed.

Reprogramming previously unspent funds will be discussed and reprogrammed into the FY2017 Action Plan.

The Public Hearing is open to the public and will be held at Mentor Municipal Center City Hall, 8580 Civic Center Boulevard on March 31, 2017 at 4:00 P.M. This facility is ADA compliant; if you require special accommodations, please notify us prior to the meeting and arrangements will be made. Further information may be obtained by contacting Dan O'Hara, Planner, Economic and Community Development Department, 974-5746, between the hours of 8:00 A.M. and 5:00 P.M., Monday through Friday.
