

HELP KEEP MENTOR BEAUTIFUL

Join in the Great American Cleanup!

Everyone wants to live, work and play in clean and beautiful spaces. It's up to us to make that happen! Each year, thousands of Americans improve the quality of life in their communities by volunteering in the Great American Cleanup™ sponsored by Keep America Beautiful®.

The annual Great American Clean Up is designed to encourage communities to reduce litter, reuse materials, promote recycling and renew our public spaces. This is a great opportunity for volunteers of all ages to experience the impact they can make on our community and it's easy to become a part of it.

The time, location and date of your clean-up is up to you. Not sure where you'd like to volunteer? We can help you choose. Once your group has decided what works best for you, simply call-in to register.

Keep Mentor Beautiful will supply the trash bags, clothing collection bags, other supplies, and a report form to record the results of your efforts.

Contact the City of Mentor Public Works Department at 440-974-5781 or pubworks@cityofmentor.com for additional information or to register your group.

Thank you for doing your part to Keep Mentor Beautiful!
